Dulles Declares Talks Reconfirm Unity on Berlin

FIRST BILLS READIED FOR LEGISLATURE

HARRISBURG (AP) — Democratic leaders readied the first portions of the administration's legislative program for the General Assembly today.

Republican leaders, however, who have been sniping at the Democrats for two weeks over the absence of any program, said they would wait to see the bills before making any comment.

Gov. Lawrence over the weekend outlined six bills which he said would be introduced today.

One bill would authorize banks to invest up to one per cent of their capital and surplus in the stocks of small business investment firms. Another proposal would amend banking laws to spell out the right of financial houses to contribute to local industrial development agencies.

Other administration measures slated to reach the General Assembly would:

Give the Health Advisory Board and the State Health Department power to regulate air pollution in Pennsylvania.

Prevent discrimination in public and private housing and hotels in the state.

Prohibit the erection of billboards on the Pennsylvania section of the federal interstate road-way system.

Require lobbyists to register with House and Senate officials, name their employers and file reports on money spent lobbying.

The Senate was scheduled to convene today at 3 p.m. and the House at 4:30 p.m.

The House has a miscellany of minor bills to consider along with (Turn To Page Twelve)

Unemployment Reported To Be Climbing Again

By NORMAN WALKER

WASHINGTON (AP) — Unemployment is climbing back close to the five-million mark, economists reported today. They said a figure approaching that mark may be reached in the government's January count, due out Tuesday.

Joblessness normally rises in the winter months because of the weather's effect on construction, farm and other outdoor activities. The five-million mark has not been exceeded since last April, when the jobless count was 5,120,000.

But in recent months job idleness has been running a little ahead of corresponding months a year ago. In December the total was 4,108,000 or 734,000 more than the 3,374,000 in December 1957.

The figure for January 1958 was 4,494,000, a jump of well over a million from December.

If the January 1959 idle total increases by anything like the million or so normally registered in that month, the total will be close to or over five million—and well over the figure for a year ago.

The figures indicate that while business has improved substantially from its recession depths, the job picture still is gloomy.

Colorful OSS Official During World War II Heart Victim

By JOE F. KANE

WASHINGTON (AP) — Maj. Gen. William J. (Wild Bill) Donovan, who directed the government's daring intelligence operations during World War II, died Sunday. He was 76.

Death of the former director of the Office of Strategic Services was attributed to a heart ailment. He had been in Walter Reed Army Hospital here for some time.

Donovan won the Medal of Honor for leading the famed "Fighting 6888" regiment of the Rainbow Division in World War I. His fighting prowess became a legend of the war.

His nickname of "Wild Bill" stemmed from the exacting methods he used in training his men and the aggressive example of spirit and vigor he set for them.

A son, David Donovan, was married to the late Mary Grandin, former Warren Minister. Several grandchildren also survive.

Fake Bomb Warning Breaks Up Party

ELLWOOD CITY, Pa. (AP)

A telephone call from an apparent prankster put a damper on a Saturday night party at the Sons of Italy club in this Lawrence County town.

Shortly before 11 p. m. an unidentified man called police, telling them a bomb planted in the club would go off at midnight.

The club was evacuated and traffic in the area was diverted.

After midnight inspection disclosed no trace of a bomb and most of the persons who had been evacuated returned to the club.

Disappearance of Family Mystifies Minnesota Village

SILVER LAKE, Minn. (AP)

All seven members of the Earl Zrust family vanished Dec. 29 and haven't been seen since.

Disappearance of the building contractor, his wife and five children has the 600 residents of Silver Lake worried. Mayor Joe W. Gehlen said no one here knows what's happened to the Zrusts.

Zrust is 30; his wife, Carolina, 28; and their children are Sandra, 10; Susan, 8; Terry, 5; Douglas, 3; and Russell, 2.

The Zrusts left without locking their home. Only the car and some heavy clothing were missing. The rest of the clothes and all household furnishings remained.

Mayor of West Berlin Says City Will Remain Free

WASHINGTON (AP)

West Berlin's Mayor Willy Brandt said today his city would be "squeezed like a lemon" by the Soviet Union should the West withdraw its troops.

Brandt and his wife were interviewed on a television program (NBC - Today) while they had breakfast with West German Ambassador Wilhelm Grewe.

The visiting mayor also is scheduled to lunch with the Senate Foreign Relations Committee.

Brandt, who arrived Saturday for a round of official talks, spoke Sunday to a meeting of the local chapter of the Socialist party-Social Democratic Federation — a Democratic party in Berlin.

Speaking of the East-West crisis over Berlin, he said the divided city "is a symptom and not the reason of this crisis."

Brandt said, "We in Berlin have to face more difficulties, with a very limited possibility to influence events." He urged Western unity in dealing with the Soviets and said no durable solution can be based on capitulation.

Alexandria Completes Plans For Integration on Tuesday

RICHMOND, Va. (AP)

Alexandria completes plans today for integration of three public schools. Tuesday, this northern Virginia city will become the state's third locality within eight days reluctantly to admit Negroes to classrooms in previously all-white schools.

State and local officials have expressed hope that the admission of nine Negro children to the Alexandria schools will be accomplished as peacefully as the entrance of 21 Negroes into Norfolk and Arlington schools a week ago.

While heavy police reinforcements accompanied integration at nearby Arlington's Stratford Junior High School last Monday, there have been no reports of special police preparations at Alexandria.

Local officials said they have no plans to appeal the integration order to the U.S. Supreme Court — a step taken by Arlington officials two weeks ago without success.

Forest Fire Prevention Program Is Paying Off

HARRISBURG (AP)

The state's fire prevention program was credited today with making 1958 one of the best years in the state's history as far as fire damage to its forest land is concerned.

Secretary of Forests and Waters Maurice K. Goddard said 15,650 acres of forests, brush and grassland were burned by blazes classed as forest fires.

"This record was bettered only in two previous years," he added. He compared last year's record with that of the 1953-57 annual average of 28,806 acres scorched by fires.

Instrument Panel Of Death Plane Studied for Clue

NEW YORK (AP)

The instrument panel of the American Airlines plane which crashed into the East River came under close scrutiny again today by investigators seeking some definite clue to the cause of the crash.

The nose section and cockpit of the plane were recovered Saturday night. A Civil Aeronautics Board spokesman said the whole cockpit was in excellent shape. He said a clock on the panel was still running when it was pulled from the water.

The plane plunged into the water Tuesday night with the loss of 65 lives as it approached La Guardia Field. There were only eight survivors.

The retrieved cockpit yielded the body of the veteran pilot, Capt. Alfred De Witt, 59, of Detroit, Mich.

Three more bodies were recovered Sunday.

The bodies of 32 victims are still missing.

Student Pilot Dies in Crash of Rented Plane

WASHINGTON, Pa. (AP)

A student pilot was killed Sunday when his rented plane crashed in foggy weather on a hilly farm in Cecil Twp.

He was Thomas W. Golden Jr., 29, father of three, of Castle Shannon, a Pittsburgh suburb.

Golden rented the red and white single-engine plane at the Campbell Air Service airport near McDonald.

Shortly after takeoff, the plane crashed on the W. G. Jamison Farm. The plane skidded about 1,000 feet and came to rest upside-down. Golden was flying alone.

NOT MAD AT ANYBODY

WASHINGTON (AP) — "I am not mad at anybody," Dr. Willard F. Libby says, but he plans to resign from the Atomic Energy Commission by midsummer.

A AGREEMENT ON CYPRUS IS EXPECTED

By MICHAEL GOLDSMITH

ZURICH, Switzerland (AP) — Greece and Turkey were reported near agreement today on a draft constitution for an independent Cyprus, with the Turkish minority to have a veto over matters of foreign relations, defense and internal security.

The tentative charter would give the North Atlantic Treaty Organization control of military bases on the British crown colony island in the eastern Mediterranean. But it has not yet been agreed whether Greek or Turkish troops will replace those parts of the British garrisons to be withdrawn.

The question of the garrisons may be left for further discussions when Prime Ministers Constantine Karamanlis of Greece and Adnan Menderes of Turkey meet later with British Prime Minister Macmillan.

As far as constitutional arrangements are concerned, Britain reportedly has informed Greece and Turkey it will accept any solution they agree on.

The draft constitution, agreed on in principle, would make the British colony an independent republic. But it specifies that no part of the island would ever become a part of Greece or Turkey.

There would be separate parliamentary bodies for the Turkish minority of 100,000 and the Greek majority of 400,000, with a joint upper house in which each community would be represented proportionately.

The negotiators were reported moving toward agreement that matters concerning foreign affairs, defense or internal security would have to be approved by both the Greek and Turkish communities.

Cyprus has been wracked by strife—and NATO defenses in the eastern Mediterranean threatened — since November 1955 when Greek Cypriots stepped up a guerrilla-terrorist campaign to join Cyprus with Greece.

Ohio Communities Are Promised Flood Relief

YOUNGSTOWN, Ohio (AP)

Communities in the Mahoning and Shenango Valleys have been promised federal assistance in flood control programs if they will do their share.

Rep. Michael J. Kirwan (D-Ohio) told a group of political, business, labor and civic leaders Saturday he is trying to get federal funds appropriated in the budget currently being considered by Congress.

Kirwan said the funds would be used so that planning can be completed and construction started late this year on both projects.

The two valleys suffered between 15 and 20 million dollars worth of damage during recent floods.

Kirwan, ranking member of the House Appropriations Committee, was accompanied to Youngstown by Rep. Robert Cook (D-Ohio) and Rep. Frank Clark (D-Pa.).

Clark's district takes in the lower sections of the Mahoning. He said he felt what is good for Youngstown and Warren, Ohio, "is good also for the New Castle and Beaver Falls, Pa., areas."

65 Days Aloft Quite Enough for Two Fliers

LAS VEGAS, Nev. (AP)

Don't anybody mention flying to Robert Timm and John Cook for a while. They've had enough — almost 65 days aloft.

They landed their light plane Saturday afternoon, touching land for the first time since Dec. 4 when they took off in quest of a world's endurance flight record.

They got it, too, by nearly 15 days. Their official mark was 64 days, 22 hours and 21 minutes. The old record was 50 days and 18 minutes set last September by Jim Heth and Bill Burkhardt of Dallas.

Their single engine plane was refueled each day from a pickup truck going 90 m.p.h. along a desert road.

Man Who Ignited Adams Case Asks Probe of Hagerty

By STANLEY MEISLER

WASHINGTON (AP) — The man who ignited last year's dramatic Sherman Adams case now wants Congress to investigate White House press secretary James C. Hagerty.

Dr. Bernard Schwartz, a former House investigator, called for the probe Sunday after accusing Hagerty of stepping into a television case for political reasons. Hagerty immediately denied this.

"Mr. Schwartz was either misinformed or was deliberately lying," he said.

Schwartz, who is a New York University law professor, makes his charge against Hagerty in a forthcoming book, "The Professor and the Commissions." Parts of the book were released Saturday.

Last year, the House Legislative Oversight subcommittee removed Schwartz as chief counsel. But, exploring some of his accusations and using files he has assembled, it launched investigations that led to the resignations of Adams, who was President Eisenhower's chief assistant, and Richard A. Mack, a federal communications commissioner.

The accusation against Hagerty involves a television station in the Albany-Schenectady area of New York and a series of decisions by the Federal Communications Commission.

Hagerty said the FCC had made its decision before he requested some information about it.

But Schwartz said, "The facts do show that three months after Mr. Hagerty intervened the FCC did reverse its original decision."

Five Kiddies Die In Fire in Home At Philadelphia

PHILADELPHIA (AP)

"The smoke was so thick that I lost the children," moaned Mrs. Mildred Plummer.

She had tried to save her five nieces and nephews. But they suffocated Sunday in a pre-dawn fire that damaged their two-story brick home in southwest Philadelphia.

The three Negro girls and their two brothers, children of Mr. and Mrs. Major Long Sr., were Marion 7; Joyce 6; Linda 5; Major Jr. 4; and Robert 2.

Mrs. Plummer ran from the smoke-filled house, but came back when she discovered the children were still inside.

She groped her way to the second-floor rear bedroom where the children were sleeping. She aroused them and led them to a window in the front room, then smashed the glass. That's when she lost them.

Mrs. Plummer leaped from the window to a porch roof and was helped to the ground. The child (Turn to Page Twelve)

WESTERN ALLIES DECIDE ON PROCEDURE TO FOLLOW ACTION TO BLOCK ACCESS

WASHINGTON (AP)

Secretary of State John Foster Dulles said today the Western Allies have agreed generally on procedures to follow if the Soviet Union invokes "physical means" to block access to Berlin.

He also renewed the West's offer to talk about a general settlement.

"We are willing to talk with the Soviets in a sincere effort to reach agreements," he said.

Dulles returned to Washington after talks at London, Paris and Bonn.

In a prepared statement Dulles told newsmen his talks abroad "reconfirmed the unity and firmness of our position."

"We do not accept any substitution of East Germans for the Soviet Union in its responsibilities toward Berlin and its obligations to us," he said.

"We are resolved that our position in, and access to, West Berlin shall be preserved. We are in general agreement as to the procedures we shall follow if physical means are invoked to interfere with our rights in this respect."

Dulles talked to the heads of government and foreign ministers of Britain, France and West Germany and with Secretary General Paul-Henri Spaak of the Atlantic Pact NATO.

Dulles was to report to President Eisenhower today.

Eisenhower returned Sunday night from a Georgia quail hunting holiday and was met at the airport by Under Secretary of State C. Douglas Dillon, who presumably gave him an initial report on Dulles' mission.

In advance of Dulles' arrival officials said they were sure he had laid the groundwork for a speed-up in Allied policy planning looking toward a spring foreign ministers' meeting with the Soviet Union.

On a week-long trip, Dulles conferred with the leaders of Britain, France and West Germany during successive visits to London, Paris and Bonn.

Dulles left Bonn Sunday with a hint that some slight conciliatory move toward the Soviets may be in the making, but only if the U.S.S.R. also is in a conciliatory mood.

His series of talks last week, Dulles said at the Bonn airport, "will help to assure that we shall be united and firm for our rights."

That does not exclude being conciliatory, but it does exclude merely making concessions for which there is no counterpart."

West German Chancellor Konrad Adenauer, was pictured by a German spokesman as opposed to giving something away in the negotiations without getting anything in return.

Both German and American spokesmen also said the Western powers are still far from agreement on a detailed policy on how to meet the Soviet challenge in Berlin.

Meanwhile Allied representatives here completed the drafting of a note to the Soviet Union proposing that a foreign ministers' meeting be held to deal with a wide range of German issues.

Congressman Says He Plans To Continue Work for Dam

By JOHN KEONG JR.

WASHINGTON (AP) — Rep. Leon H. Gavin (R-Pa.) said today he will "continue to the utmost" his efforts to expedite construction of the proposed 113 million dollar flood control dam at Kinzua, Pa.

"The three million people in the Ohio Valley are entitled to protection from floods such as we just experienced," Gavin said in an interview.

Although authorized many years ago and with two million dollars approved for preliminary work, the dam has been held up due to opposition from the Seneca Indians of New York State.

Because of this opposition, which has been carried through three courts, President Eisenhower did not include any money for the dam in budget recommendations for the year beginning July 1.

Gavin and Sen. Hugh Scott (R-Pa.) have said they will ask for another two million dollars for the project if the Indians decide not to go to the Supreme Court.

Gavin noted that Army Engineers have estimated that about 32 million dollars damage could have been averted in the recent floods if the Kinzua and proposed dams at Meadville and Sharpsville had been in place.

Questions and Answers About Warren Schools

Readers are urged to send suggestions for questions in this column. Write School Editor, Warren Times-Mirror. The questions are answered by Dr. Carl E. Whipple, superintendent of Warren schools, and his staff.

Question:
"My husband and I were talking recently about what a fine thing the schools are doing for our Ninth Grade daughter. She is getting good, tough foundation subjects to help her to go to college. We are very pleased with the new setup in Mathematics because now she will be able to take one extra year of math. The schools must have screened this accelerated group well, because very few had to drop out of the program."

Answer:
"We, too, have been pleased with the plans in math at Beaty and High School. We have our second two groups of 8th graders taking Algebra this year. Last year's two groups are now taking Geometry in 9th grade. Next year in 10th they will take Advanced Algebra, the usual subject for 10th graders. In 11th they will take their Solid Geometry and Trigonometry. This allows them to take College Math as 12th graders."

"Last year and again this year the college-bound mathematics students are taking their Solid Geometry and Trig plus the course in College Mathematics in their senior year. We have 35 doing this now, and last year, 20."

Question:
"Dear School: We have sent two of our offspring to Jefferson School and one will be coming to you next year. Somehow we have a very different idea of what we expect them to learn than was expressed in the letter given out at PTA Jan. 19. This was a page-long description of ideals and morals every child should learn. I think it came from the PTA magazine."

Answer:
"I know we parents become misguided about many things, but somewhere along the way I received the impression that homes, Sunday Schools and churches would teach many of the moral and social concepts while our public grade schools were basically to teach the tools of communication (reading, writing and spelling) and their best use, plus other basic subjects such as mathematics and the social sciences, and a working knowledge of the fine arts."

"I thought of the school as a place to teach the child to use

the intellect each child has, to the best advantage possible."

"I do think it is commendable that our teachers take the opportunities that come along to help teach these fine traits, as listed, but our first aim is EDUCATION, not moral training."

Sincerely,
Mrs. James Potter

Answer:
"Mrs. Potter refers to a list of qualities that every parent would like to have his child develop, and it was distributed at PTA as an example of what many parents expect of the school."

"However, our teachers would agree that all of these moral traits are the responsibility of the parents. And the school expects the children to learn these ideals from their families. The teachers are glad to help, as they can, during the teaching of the tools of communication."

Question:
"Who picks our textbooks?"

Answer:
"The adoption of textbooks is a function given by law to the School Board, who refers the matter to the Superintendent. Here in Warren it has been an important duty of the Director of Curriculum. At the start of each year he asks all teachers to list which book committee they prefer and then he lines up these committees, seeing that each grade and school is represented among the grade schools."

"We use the same textbook for a five-year period, so he writes to all the textbook companies for books with copyrights during the last five years. When the books arrive in January the committees begin a careful study of them. They use rating sheets to judge each book."

"By Easter the teachers make first, second and third choices of the books studied by their committees. They return the books to the director of curriculum and the superintendent for study. Then recommendations are made to the School Board."

Question:
The School Editor gets these comments from parents at Lacy and Jefferson: "The schools are really going to town with that new reading course." "Excellent step." "A lot more individual training." "Less frustration for the teachers." "Our teachers say the Joplin plan is bringing good answers from children who used to keep quiet in

class." Can other schools start the plan next fall?

Answer:
"At the last Principals' Meeting we discussed the Joplin Reading Plan at some length, with the idea that all the other schools could consider carefully how to adapt it to the smaller buildings."

FIRST BILLS READIED FOR LEGISLATURE

HARRISBURG (AP) — Democratic leaders readied the first portions of the administration's legislative program for the General Assembly today.

Republican leaders, however, who have been sniping at the Democrats for two weeks over the absence of any program, said they would wait to see the bills before making any comment.

Gov. Lawrence over the week-end outlined six bills which he said would be introduced today.

One bill would authorize banks to invest up to one per cent of their capital and surpluses in the stocks of small business investment firms. Another proposal would amend banking laws to spell out the right of financial houses to contribute to local industrial development agencies.

Other administration measures slated to reach the General Assembly would:

Give the Health Advisory Board and the State Health Department power to regulate air pollution in Pennsylvania.

Prevent discrimination in public and private housing and hotels in the state.

Prohibit the erection of billboards on the Pennsylvania section of the federal interstate road-way system.

Require lobbyists to register with House and Senate officials, name their employers and file reports on money spent lobbying.

The Senate was scheduled to convene today at 3 p.m. and the House at 4:30 p.m.

The House has a miscellany of minor bills to consider along with (Turn to Page Twelve)

Unemployment Reported To Be Climbing Again

By NORMAN WALKER

WASHINGTON (AP) — Unemployment is climbing back close to the five-million mark, economists reported today. They said a figure approaching that mark may be reached in the government's January count, due out Tuesday.

Joblessness normally rises in the winter months because of the weather's effect on construction, farm and other outdoor activities. The five-million mark has not been exceeded since last April, when the jobless count was 5,120,000.

But in recent months job idleness has been running a little ahead of corresponding months a year ago. In December the total was 4,108,000 or 734,000 more than the 3,374,000 in December 1957.

The figure for January 1958 was 4,494,000, a jump of well over a million from December.

If the January 1959 idle total increases by anything like the million or so normally registered in that month, the total will be close to or over five million—and well over the figure for a year ago.

The figures indicate that while business has improved substantially from its recession depths, the job picture still is gloomy.

Colorful OSS Official During World War II Heart Victim

By JOE F. KANE

WASHINGTON (AP) — Maj. Gen. William J. (Wild Bill) Donovan, who directed the government's daring intelligence operations during World War II, died Sunday. He was 76.

Death of the former director of the Office of Strategic Services was attributed to a heart ailment. He had been in Walter Reed Army Hospital here for some time.

Donovan won the Medal of Honor for leading the famed "Fighting 89th" regiment of the Rainbow Division in World War I. His fighting prowess became a legend of the war.

His nickname of "Wild Bill" stemmed from the exacting methods he used in training his men and the aggressive example of spirit and vigor he set for them.

A son, David Donovan, was married to the late Mary Grandin, former Warren resident. Several grandchildren also survive.

Fake Bomb Warning Breaks Up Party

ELLWOOD CITY, Pa. (AP) — A telephone call from an apparent prankster put a damper on a Saturday night party at the Sons of Italy club in this Lawrence County town.

Shortly before 11 p.m. an unidentified man called police, telling them a bomb planted in the club would go off at midnight.

The club was evacuated and traffic in the area was diverted.

After midnight inspection disclosed no trace of a bomb and most of the persons who had been evacuated returned to the club.

Disappearance of Family Mystifies Minnesota Village

SILVER LAKE, Minn. (AP) — All seven members of the Earl Zrust family vanished Dec. 29 and haven't been seen since.

Disappearance of the building contractor, his wife and five children has the 600 residents of Silver Lake worried. Mayor Joe W. Gehlen said no one here knows what's happened to the Zrusts.

Zrust is 30; his wife, Carolina, 28; and their children are Sandra, 10; Susan, 8; Terry, 5; Douglas, 3; and Russell, 2.

The Zrusts left without locking their home. Only the car and some heavy clothing were missing. The rest of the clothes and all household furnishings remained.

Mayor of West Berlin Says City Will Remain Free

WASHINGTON (AP) — West Berlin's Mayor Willy Brandt said today his city would be "squeezed like a lemon" by the Soviet Union should the West withdraw its troops.

Brandt and his wife were interviewed on a television program (NBC - Today) while they had breakfast with West German Ambassador Wilhelm Grewe.

The visiting mayor also is scheduled to lunch with the Senate Foreign Relations Committee.

Brandt, who arrived Saturday for a round of official talks, spoke Sunday to a meeting of the local chapter of the Socialist party-Social Democratic Federation — a Democratic party in Berlin.

Speaking of the East-West crisis over Berlin, he said the divided city "is a symptom and not the reason of this crisis."

Brandt said, "We in Berlin have to face more difficulties, with a very limited possibility to influence events." He urged Western unity in dealing with the Soviets and said no durable solution can be based on capitulation.

Alexandria Completes Plans For Integration on Tuesday

RICHMOND, Va. (AP) — Alexandria completes plans today for integration of three public schools.

Tuesday, this northern Virginia city will become the state's third locality within eight days reluctantly to admit Negroes to classrooms in previously all-white schools.

State and local officials have expressed hope that the admission of nine Negro children to the Alexandria schools will be accomplished as peacefully as the entrance of 21 Negroes into Norfolk and Arlington schools a week ago.

While heavy police reinforcements accompanied integration at nearby Arlington's Stratford Junior High School last Monday, there have been no reports of special police preparations at Alexandria.

Local officials said they have no plans to appeal the integration order to the U.S. Supreme Court — a step taken by Arlington officials two weeks ago without success.

Forest Fire Prevention Program Is Paying Off

HARRISBURG (AP) — The state's fire prevention program was credited today with making 1958 one of the best years in the state's history as far as fire damage to its forest land is concerned.

Secretary of Forests and Waters Maurice K. Goddard said 15,650 acres of forests, brush and grassland were burned by blazes classed as forest fires.

"This record was bettered only in two previous years," he added.

He compared last year's record with that of the 1953-57 annual average of 28,806 acres scorched by fires.

Student Pilot Dies in Crash of Rented Plane

WASHINGTON, Pa. (AP) — A student pilot was killed Sunday when his rented plane crashed in foggy weather on a hilly farm in Cecil Twp.

He was Thomas W. Golden Jr., 29, father of three, of Castle Shannon, a Pittsburgh suburb.

Golden rented the red and white single-engine plane at the Campbell Air Service airport near McDonald.

Shortly after takeoff, the plane crashed on the W. G. Jamison Farm. The plane skidded about 1,000 feet and came to rest upside down. Golden was flying alone.

Instrument Panel Of Death Plane Studied for Clue

NEW YORK (AP) — The instrument panel of the American Airlines plane which crashed into the East River came under close scrutiny today by investigators seeking some definite clue to the cause of the crash.

The nose section and cockpit of the plane were recovered Saturday night. A Civil Aeronautics Board spokesman said the whole cockpit was in excellent shape. He said a clock on the panel was still running when it was pulled from the water.

The plane plunged into the water Tuesday night with the loss of 65 lives as it approached La Guardia Field. There were only eight survivors.

The retrieved cockpit yielded the body of the veteran pilot, Capt. Alfred De Witt, 59, of Detroit, Mich.

Three more bodies were recovered Sunday.

The bodies of 32 victims are still missing.

AGREEMENT ON CYPRUS IS EXPECTED

By MICHAEL GOLDSMITH

ZURICH, Switzerland (AP) — Greece and Turkey were reported near agreement today on a draft constitution for an independent Cyprus, with the Turkish minority to have a veto over matters of foreign relations, defense and internal security.

The tentative charter would give the North Atlantic Treaty Organization control of military bases on the British crown colony island in the eastern Mediterranean. But it has not yet been agreed whether Greek or Turkish troops will replace those parts of the British garrisons to be withdrawn.

The question of the garrisons may be left for further discussions when Prime Ministers Constantine Karamanlis of Greece and Adnan Menderes of Turkey meet later with British Prime Minister Macmillan.

As far as constitutional arrangements are concerned, Britain reportedly has informed Greece and Turkey it will accept any solution they agree on.

The draft constitution, agreed on in principle, would make the British colony an independent republic. But it specifies that no part of the island would ever become a part of Greece or Turkey.

There would be separate parliamentary bodies for the Turkish minority of 100,000 and the Greek majority of 400,000, with a joint upper house in which each community would be represented proportionately.

The negotiators were reported moving toward agreement that matters concerning foreign affairs, defense or internal security would have to be approved by both the Greek and Turkish communities.

Cyprus has been wracked by strife—and NATO defenses in the eastern Mediterranean threatened—since November 1955 when Greek Cypriots stepped up a guerrilla-terrorist campaign to join Cyprus with Greece.

Ohio Communities Are Promised Flood Relief

YOUNGSTOWN, Ohio (AP) — Communities in the Mahoning and Shenango Valleys have been promised federal assistance in flood control programs if they will do their share.

Rep. Michael J. Kirwan (D-Ohio) told a group of political, business, labor and civic leaders Saturday he is trying to get federal funds appropriated in the budget currently being considered by Congress.

Kirwan said the funds would be used so that planning can be completed and construction started late this year on both projects.

The two valleys suffered between 15 and 20 million dollars worth of damage during recent floods.

Kirwan, ranking member of the House Appropriations Committee, was accompanied to Youngstown by Rep. Robert Cook (D-Ohio) and Rep. Frank Clark (D-Pa.).

Clark's district takes in the lower sections of the Mahoning. He said he felt what is good for Youngstown and Warren, Ohio, "is good also for the New Castle and Beaver Falls, Pa., areas."

65-Days Aloft Quite Enough for Two Fliers

LAS VEGAS, Nev. (AP) — Don't anybody mention flying to Robert Timm and John Cook for a while. They've had enough — almost 65 days aloft.

They landed their light plane Saturday afternoon, touching land for the first time since Dec. 4 when they took off in quest of a world's endurance flight record.

They got it, too, by nearly 15 days. Their official mark was 64 days, 22 hours and 21 minutes.

The old record was 50 days and 18 minutes set last September by Jim Heth and Bill Burkhardt of Dallas.

Their single engine plane was refueled each day from a pickup truck going 90 m.p.h. along a desert road.

NOT MAD AT ANYBODY

WASHINGTON (AP) — "I am not mad at anybody," Dr. Willard F. Libby says, but he plans to resign from the Atomic Energy Commission by midsummer.

Libby, 50, said Saturday that he planned to return to teaching. He did not say where. He had been on the University of Chicago faculty before joining the AEC.

Miss Kiehl will represent Pennsylvania in the national cherry pie contest in Chicago Feb. 18.

Eleanor Clisby of Greenville was runnerup in the contest.

Man Who Ignited Adams Case Asks Probe of Hagerty

WASHINGTON (AP) — The man who ignited last year's dramatic Sherman Adams case now wants Congress to investigate White House press secretary James C. Hagerty.

Dr. Bernard Schwartz, a former House investigator, called for the probe Sunday after accusing Hagerty of stepping into a television case for political reasons. Hagerty immediately denied this.

"Mr. Schwartz was either misinformed or was deliberately lying," he said.

Schwartz, who is a New York University law professor, makes his charge against Hagerty in a forthcoming book, "The Professor and the Commissions." Parts of the book were released Saturday.

Last year, the House Legislative Oversight subcommittee removed Schwartz as chief counsel. But, exploring some of his accusations and using files he has assembled, it launched investigations that led to the resignations of Adams, who was President Eisenhower's chief assistant, and Richard A. Mack, a federal communications commissioner.

The accusation against Hagerty involves a television station in the Albany-Schenectady area of New York and a series of decisions by the Federal Communications Commission.

Hagerty said the FCC had made its decision before he requested some information about it.

But Schwartz said, "The facts do show that three months after Mr. Hagerty intervened the FCC did reverse its original decision."

Five Kiddies Die In Fire in Home At Philadelphia

PHILADELPHIA (AP) — "The smoke was so thick that I lost the children," moaned Mrs. Mildred Plummer.

She had tried to save her five nieces and nephews. But they suffocated Sunday in a pre-dawn fire that damaged their two-story brick home in southwest Philadelphia.

The three Negro girls and their two brothers, children of Mr. and Mrs. Major Long Sr., were Marion 7; Joyce 6; Linda 5; Major Jr. 4; and Robert 2.

Mrs. Plummer ran from the smoke-filled house, but came back when she discovered the children were still inside.

She groped her way to the second-floor rear bedroom where the children were sleeping. She aroused them and led them to a window in the front room, then smashed the glass. That's when she lost them.

Mrs. Plummer leaped from the window to a porch roof and was helped to the ground. The children were still inside.

QUICKIES By Ken Reynolds

By JOHN KEONG JR.

WASHINGTON (AP) — Rep. Leon H. Gavin (R-Pa.) said today he will "continue to the utmost" his efforts to expedite construction of the proposed 113 million dollar flood control dam at Kinzua, Pa.

"The three million people in the Ohio Valley are entitled to protection from floods such as we just experienced," Gavin said in an interview.

Although authorized many years ago and with two million dollars approved for preliminary work, the dam has been held up due to opposition from the Seneca Indians of New York State.

Because of this opposition, which has been carried through three courts, President Eisenhower did not include any money for the dam in budget recommendations for the year beginning July 1.

Gavin and Sen. Hugh Scott (R-Pa.) have said they will ask for another two million dollars for the project if the Indians decide not to go to the Supreme Court.

Gavin noted that Army Engineers have estimated that about 32 million dollars damage could have been averted in the recent floods if the Kinzua and proposed dams at Megadville and Sharpsville had been in place.

Discuss Merger of Welfare and Assistance

HARRISBURG (AP) — Transfer of 10 state-owned general hospitals in the coal regions to local control was recommended today to Gov. Lawrence.

The recommendation was made in a report to the governor by a special committee named by former Gov. Leader on details of the merger of the former Department of Assistance and Welfare into one Department of Public Welfare.

Man Jailed for Bigamy Does Not Want Two Wives

SAN JOSE, Calif. (AP) — "I didn't want two wives," says Brian Wahlken, a jobless 22-year-old draftsman who was jailed Sunday in a bigamy investigation.

"Things just got mixed up and I couldn't straighten them out," he told a reporter.

Police said Wahlken, who lives at nearby Mountain View, started his double life in November when he married Rachel Belasco, a 22-year-old theatre usher in Reno. His first wife is Jenny, 24.

"Jenny and I were married early last year and there were bills, bills, bills," Wahlken said. "Bills for the wedding, bills for the honeymoon, bills for clothes and food. I had to get away from it all."

Illustrator and Portrait Painter Dies in Titusville

HARWOOD FORSGREN

Harwood Forsgren, 56, of 7 Hancock Place, Titusville, well known illustrator and portrait painter, died Saturday morning in Titusville Hospital following a brief illness.

Mr. Forsgren had done illustrations for a number of national magazines and was considered an expert portrait artist in the area.

The artist was born December 19, 1902 in Warren, the son of Charles and Hilda Forsgren.

The former local man studied art at the Chicago Art Institute where he met and married Marjorie L. Stadler on November 30, 1930. Following graduation, he was employed by a commercial advertising agency, eventually entering the field of fine arts to specialize in portraits. He conducted classes in Titusville and has exhibited at Chautauqua and Erie.

Besides his wife, he leaves two sons, Kenneth H. Forsgren, Erie and Jerry Forsgren with the U. S. Air Force in Missouri; one grandson and five brothers, Kermit, Rainer, Clifford, Norman and Russell Forsgren, all of Warren.

Funeral services will be held tomorrow morning at 11:00 in Titusville with the Rev. J. L. Murray of Chapmanville officiating. Interment will be in Woodlawn cemetery.

JOHN JOSEPH WEGNER

John Joseph Wegner, one-time resident of Clarendon and Jamestown, N. Y., but more recently of 3049 Sixth street south, St. Petersburg, Fla., died at 8:50 a. m. Friday in the Veterans' Administration Hospital at Bay Pines, Fla., at the age of 63 years.

Mr. Wegner was born in Port Allegany May 12, 1895, and lived in Kane for four years prior to going to Florida nine years ago. Veteran of 22 years' service with the U. S. Army, he saw active duty in both World War I and II. He was a member of St. Joseph's Catholic church in St. Petersburg.

Surviving are five sisters, Mrs. Anna Benbenek, Falconer, N. Y.; Mrs. Eleanor Adamkavitz, Kane; Mrs. Frances Benbenek, Warren; Mrs. Josephine Weatherup, Buffalo, N. Y.; and Mrs. Marian Babyak, Jamestown, N. Y.

Funeral services in St. Joseph's church, Warren, at 10:00 a. m. Thursday will be followed by interment in St. Joseph's cemetery.

Another Wallace Taber Safari Saga
Do Your Friends a Favor and Let Them Know It is Good

In Cecil Rhode To Person Narrate
His Great Alaskan All-Color Films
"Alaska Afield"

A living-color, two-hour program of personal adventure in our newest state...four years in the making, by the man who will narrate the program in person, alive and in color! Here is another Wally Taber Association.

Armed with rod, rifle, and camera, Cecil Rhode for 25 years has combed Alaska seeking adventure. From his log cabin on Kenai Lake he now comes "outside," as the Alaskans say, to team up with Adventurer Wally Taber whose Safari Saga Series everyone knows. Others, too, have joined the Taber "stable" to bring high adventure to those who travel less far from home. Don't miss any; they are all good!

Giant grizzly, mammoth moose, captivating caribou, elusive dall, sheep and mountain goats...fabulous salmon fishing by men and bear... anything that is native-Alaskan wildlife is apt to turn up in Rhode's show. He spent four months living with the world's largest carnivores... Alaskan Brown Bear... on the screen, you see it in ten minutes. But it is the best, like all of the Wally Taber Safari Saga Series.

You'll see new-born white mountain sheep, clownish black bear, majestic mountain goat... You'll see Alaska Afield as it was never previously documented. Cecil Rhode's photography has been used by Disney and Warner Bros. Now he is bringing it to you himself.

DOWN, BOY DOWN!

We have a hunch that a certain idea, which seems pretty zany at first glance, may start a wave of enthusiasm that will sweep the world.

It is the "International Doghouse Club," founded by two London businessmen to give all oppressed husbands in every land the comfort of knowing that they do not stand (or cringe) alone.

Another side of the idea that bed's well for it's success is the fact that there will be no dates or meetings. There is only one rule: A white, uncolored tie, emblazoned with silver motifs of a doghouse with upturned feet in its entrance, must be worn each day following a domestic incident.

The founders are banking on the universal appeal of the idea to carry the club's aim to all parts of the world, which is "to provide a smile where there might have been a frown." All in all, it sounds like a jolly good movement.

Only thing... one does get tired of wearing the same tie every day.

FLOOD PROTECTION, NOW!

It is gratifying to learn that the special flood committee of the Warren Area Chamber of Commerce is urging on the part of the borough officials that something be started immediately to provide protection from periodical floods. The matter will be discussed at length this evening when an official communication will be read at the February meeting of Council, and it is a foregone conclusion there will be a large crowd of visitors in attendance.

As has been noted in news articles bearing on the subject in recent weeks the committee recognizes that should the Kinzua Dam become a reality, it would take from five to ten years. What is demanded now is that the borough assume the task of providing measures to hold back the Allegheny waters in the years intervening.

We join with a host of other friends and neighbors in extending sympathy to the family of Lloyd O. Knight, prominent Clarendon citizen, whose funeral was held Sunday afternoon. A veteran of World War I Mr. Knight was a prominent member of the VFW for 30 years, his interest and experience being recognized through the fact that he had held many high offices in patriotic orders, both locally and in the district. He was the third member of the Clarendon borough council to pass away within a year.

WORLD TODAY

WASHINGTON (AP)—Time and events between now and 1960 will affect chances of both Vice President Richard M. Nixon and New York's Gov. Nelson Rockefeller for the Republican presidential nomination.

The pressure of events, and the two men's responses to them, will almost certainly raise or lower their political attractiveness, at least as compared with each other, before it's time for the Republican nominating convention.

The very nature of the vice presidency ordinarily leaves the holder of that office over-shadowed by the White House and with little more to do than preside over the Senate. So Nixon might seem the one least likely to be affected by events and therefore best able to retain what popularity he already has.

Rockefeller's job requires more direct action. The governor's leadership, his administrative ability, his policies and his thinking and therefore his voter appeal will undergo in these next two years both testing and examination.

He can't stand still. His performance as governor of the nation's richest and most populous state will tend to increase or diminish his presidential prospects, since voters of both parties around the country will be watching him.

He has already shown a willingness to stick his neck out. Almost his first action as governor has called forth protests by some voters who would be affected by what

he wants: he has asked the Republican-run legislature for a 277-million-dollar tax increase, including a boost in income taxes.

His reasoning: he wants to avoid a deficit in state spending and balance the budget while still providing enough funds to avoid cutting some state social programs, like aid to education and localities. He has a light on his hands and at this moment can not be sure of winning.

Nixon, whose job calls for little need to stick out his neck, could rock away his time in the Senate, avoiding stands on controversial issues which might cost him popularity.

But Nixon is an aggressive man. He may feel it necessary for him to take sides—or he may feel forced into it as a member of the Eisenhower administration—on issues pending before Congress and involving various Eisenhower programs and policies from civil rights to defense and controlled spending.

Aggressive stands on such issues could boost him or bruise him, particularly since organized labor and business would have an interest in most of the issues.

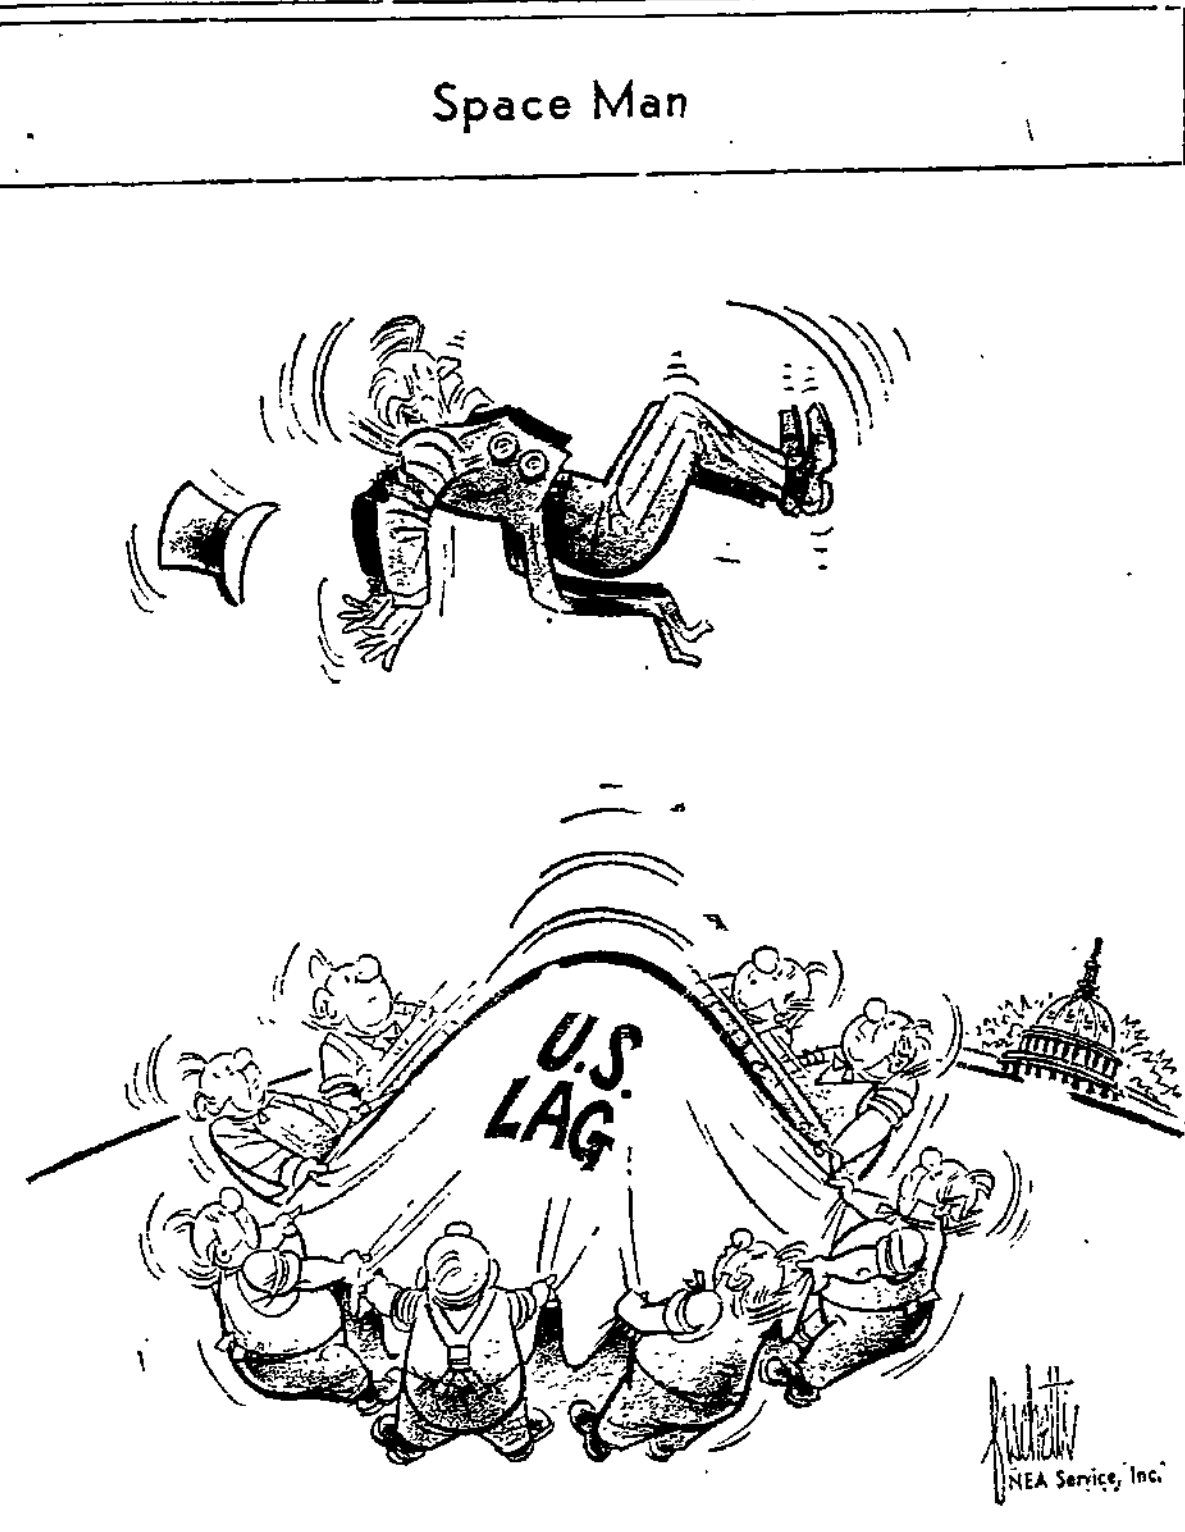

The President already has given him an assignment which could affect his 1960 chances and lies in the same field—economics—which has Rockefeller involved now.

The President named him chairman of a Cabinet committee to examine the problems of inflation and seek ways to maintain reasonable price stability while sustaining economic growth.

Thought for Today

Surely your turning of things upside down shall be esteemed as the potter's clay: for shall the work say of him that made it, He made me not? or shall the thing framed say of him that framed it, He had no understanding?—Isaiah 29 16.

Fully to understand a grand and beautiful thought requires, perhaps, as much time as to conceive it.—Joseph Joubert.

Here and There

In myriad skillets throughout the world, pancakes will sizzle, and turn golden brown, tomorrow — Shrove Tuesday in the calendar of the Christian Church. Relatively few housewives bending to their stoves will realize that they are carrying on a tradition whose origins are lost in time, says the National Geographic Society. Indeed, Shrove Tuesday is becoming better known to the layman as Pancake Day than as the day before Ash Wednesday, the beginning of Lent. To Christians, Shrove Tuesday pancakes have both spiritual and material meaning. Once known as shiving cakes, they were an appropriate dish for the day when sins were confessed and offenders were shorn or shaven of their misdeeds. The traditional pancake ingredients are flour, the staff of life, salt for wholesomeness, eggs to symbolize the Lenten spirit, and milk for innocence. On the practical side, the cooking of pancakes was a means of using up the last of the household's fat and lard from meat products forbidden during Lenten fast days. So

pancakes became an integral part of that farewell to meat which was the Latin Carnival, and today's carnival. Thus, too, they became part of a tradition that predates Christianity. When men knew little about preserving food, animals were mostly butchered as winter began. When the first signs of spoilage appeared, whatever remained was eaten at once to avoid wastage. The result was a feast, after which no more meat was available until the next butchering. The practice led to the celebration of such holidays as the Roman Saturnalia, sometimes linked with the Christian Christmas season. Perhaps the most publicized aspect of Shrove Tuesday in recent years is the annual pancake race between the housewives of Olney, England, and Liberal, Kansas. The ladies run identical courses in their respective towns, holding skillets in which they must flip the pancakes three times during the sprint. The Kansas housewives began pancake-racing in 1950, the Olney ladies in 1445. Practice and remarkable track-

Bids Are In; Now Military Wants to Raise the Ante

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—It's the same old hassle as every year when the Department of Defense comes up.

The Joint Chiefs of Staff issue a statement that the budget is adequate and they fully support it, BUT—

What comes after the "but" is that each service chief thinks his Army, Navy, Marine Corps or Air Force should have a few billions more. That's the way it is now.

On Jan. 19, the day the President's budget message went to Congress, Secretary of Defense Neil McElroy sent the JCS a memo for signature. It contained three main elements which boil down to this:

THE 1960 PROGRAM is adequate for U.S. defense.

The budget contains no gaps.

But some of the programs are not adequately funded.

All the chiefs signed like good boys. This was apparently intended to indicate to Congress and the American people that there is no need to increase the defense budget above President Eisenhower's 45 billion.

It may also have been expected to gag the chiefs and prevent them from asking Congress for more money.

As usual, it hasn't worked that way. If never does.

Ever since the JCS memo was signed, there has been one leak after another to increase service appropriations.

Part of this agitation comes from congressmen who have soft spots for a particular service—like the Marines.

Others are convinced that Department of Defense is concentrating on push-button general warfare, to the neglect of conventional small wars which are more likely.

STILL OTHERS believe the Eisenhower administration is too concerned with balancing the budget, not enough with providing for an all-out retaliatory attack against Russia.

Thus Gen. Maxwell D. Taylor, Army chief of staff, expresses concern over the cut of his strategic army corps from four divisions to three. This is the force supposed to be ready for quick transport to any world trouble spot.

Another cause for Army complaint is lack of funds for replacement of obsolescent weapons. General Taylor has been recommending three billion dollars a year for five years. The new budget asks 1.2 billion for new weapons.

Adm. Arleigh Burke, chief of naval operations, complains that his budget request was cut 2 1/2 billion dollars—from 14 to 11 1/2. He implies this cut may mean spending more money later on to provide for replacement of obsolescent World War II vessels at a rate faster than 2 per cent a year.

MARINE COMMANDANT Gen. Randolph McC. Pate expresses usual dissatisfaction over reduction of his force.

The Air Force reservation of Chief of Staff Gen. Thomas D. White is that if the missile strength called for in the new budget is sufficient only to knock out enemy cities—not enough to knock out enemy missile and bomber bases—then the United States cannot preclude attack.

The point made in all these dissenting opinions is that the long-range aspects of national defense are being shortchanged. The catch is that this is entirely consistent with the JCS signed statement that the defense budget now before Congress is adequate for U.S. security in 1960.

ACCIDENTS TO CHILDREN
America does not have a monopoly on accidents. They are the principal cause of death in children in most parts of the civilized world but the risk differs in various countries.

Drowning, for example, is most frequent in Scandinavia, France, and the Netherlands. The fireplace is a hazard in Britain; and Spanish children often fall into open braziers. In Italy and Poland the youngsters continue to be blown to bits from digging up explosives left in the ground from war days.

Poisoning is common in countries where many chemicals are used in the home. The United States, Switzerland, and Sweden are high on this list. Plastic bags intrigue youngsters in France, Belgium, Denmark, and Sweden. They put them over their heads and suffocate before mother can remove them.

Many accidents are unavoidable. Children must be protected from dangerous situations but should be given enough latitude to learn how to cope with the hazards at hand.

Deaths and burns from fires and explosions reach their peak during cold weather. Eighty per cent of these fatalities occur in and about the home. The young and old suffer most because they are unable to get out of the building in time.

This winter, teach children to swim. From 2,000 to 5,000 accidental drownings occur annually from swimming or playing in the water. Many of the victims are boys, as they are more active and daring than girls. Greater skill in and understanding of the hazards of water sports will go a long way toward preventing these catastrophes. Small boat mishaps take a toll of 1,200 lives every year due to drownings.

Some persons are more susceptible to the irritating effects of ammonia on the membranes of the eyes and nose. The more dilute the solution, the less troublesome it becomes.

Business Mirror

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The steel industry today is stiffening the backbone of the business recovery. Sales are up. New orders are up. Production is rising. And profits in the last few months have shown a spectacular recovery from the low point of a year ago.

Most steel companies report impressive gains in net income after taxes in the final three months of 1958. The increases over the year ago figures range as high as 200 per cent, although the gain for the industry as a whole is around 25 per cent.

But the fourth quarter spurt in income still couldn't entirely offset for the majority of steel companies the bleak months of early 1958.

Of 23 steel concerns reporting so far, including the largest ones, 20 report 1958 earnings running behind 1957. All but two small ones, however, managed to end 1958 in the black—and this despite the fact that the industry in the trough of the recession was operating at less than half capacity.

The ups and downs of the industry are charted in the profit statements of recent years.

Combined the 23 report 1958 earnings as \$745,380,000, compared with \$1,069,010,000 in 1957. This was a drop of 30.3 per cent. The 1957 earnings, in turn, were 3.4 per cent higher than those of 1956, which were off 10.5 per cent from 1955. In that year of the big business boom steel industry profits soared 74.3 per cent over depressed 1954.

How could the steel industry show a profit instead of a loss in 1958, with output cut back over most of the period, and even the sales increases of the last few months much less impressive than the rise in profits?

Steelmen offer two reasons. First, during the recession the industry, like many others, went in heavily for cost cutting. Where possible, fat was trimmed from the overhead, and easy going practices of boom days were discarded. Second, the industry closed down marginal and aging facilities. It got the benefit of the new and more efficient mills built in profusion since the end of the war.

SOCIETY

Roberts-Rickerson Rites January 24th

Charles F. Rickerson, 226 Central avenue, wishes to announce the marriage of his daughter, Erma Elaine, to Mark Henry Roberts, son of Mr. and Mrs. Earl Roberts, of Columbus.

The ceremony was performed by the Rev. Reed J. Hurst at Epworth Methodist church at 8:00 p. m. January 24, in the presence of the immediate family and a few close friends of the couple. Attendants were Miss Janet Stoddard, as maid of honor, and Dale Bernard as best man.

Attired in a blue suit and hat, the bride chose beige accessories and a corsage of pink carnations. Miss Stoddard selected a blue wool dress, beige accessories and pink carnation corsage.

A small reception followed at the home of the bride, after which the couple left for a brief wedding trip to Niagara Falls. They will make their home in Corry.

A shower in honor of the bride-elect was given January 17 at the home of Mrs. Robert Rickerson, where she received many lovely gifts.

Scholarship Benefit Party on February 19

In conjunction with the third annual Scholarship Fund dessert-party to be held in Beatty Junior High School cafeteria at 8:00 p. m. Thursday, February 19, the committee reminds that five local students were recipients of awards from last year's funds:

Mary Mancuso, daughter of Mr. and Mrs. Ralph Mancuso, 19 South Pine street, is majoring in mathematics at Villa Marie College in Erie.

Priscilla Ross, daughter of Mr. and Mrs. Richard Ross, 12 Thomas avenue, North Warren, is enrolled at Muskingum College, majoring in physical education.

Richard Smith, II, son of Mr. and Mrs. Richard M. Smith, 30 North State street, North Warren, is matriculating at Edinboro State Teachers' College, in the elementary education department.

Rose Tigani, daughter of Mr. and Mrs. Carmine Tigani, Clarion, is majoring in languages at American University, Washington, D. C.

Judith Whren, daughter of Mr. and Mrs. Arnold Whren, 7 Alexander street, is enrolled at Allegheny College in Meadville.

This benefit party is co-sponsored by the Warren Education Association and Community PTA Council and it is hoped response to the Scholarship Fund plans will make it possible to assist this year an equal number of young people interested in the teaching profession.

Tickets may be had from any of the borough school teachers or through any PTA unit. Those attending are asked to bring their own cards.

MR. AND MRS. ORREN LEWIS WOOD

White pom poms, snapdragons and greens decorated the altar of St. Paul's Lutheran church January 31, when Joan Marie White, daughter of Mr. and Mrs. Howard F. White of Warren RD 1, became the bride of Orren Lewis Wood, son of Mr. and Mrs. Fred O. Wood, 105 Dartmouth street, Warren.

Pastor Carl Nelson performed the double ring ceremony at 2:00 p. m. Mrs. Albert Anderson was at the organ for traditional selections, and Mrs. Elsie Yeagle sang "The Lord's Prayer," "Today, O Lord, Two Hearts United," and "O Perfect Love."

Carrying a prayer book topped with a white orchid and showered with knotted satin streamers, the bride chose a white tissue taffeta gown fashioned with basque bodice, sabrina neckline embroidered with Alencon lace and tiny pearls, and long sleeves tapering over the hands. The bouffant skirt was floor length, also with Alencon and pearl applique. Her fingertip illusion veil was attached to a queen's crown of pearls, and her pearl necklace and earrings were the bridegroom's gift.

She was escorted and given in marriage by her father, with her cousin Kay Keller, as maid of honor. Her gown of romance blue taffeta was styled with scoop neckline and three-quarter sleeves in a fitted bodice, and a bouffant skirt enhanced

with a crushed cummerbund fastening with a back-bow. Her headband of tulle leaves was pearl-studded and held a circular veil. She, also, wore pearl necklace and earrings and her flowers were a colonial arrangement of pink carnations encircling a blue center.

Favored with corsages of red garnet roses, Mrs. White chose a blue print dress, each with black accessory accents.

A reception for approximately 125 guests followed immediately in the Glade Township Fire Hall, where appointments featured a six-tier wedding cake, with white pom poms and springer, fern, and a white floral centerpiece. Mrs. Ford Winner was at the Hammond organ for reception music; aides were Mrs. Kathryn Burlingame, Mrs. Aurelia White, Mrs. Adeline Wilson, Mrs. Agnes Mong, Mrs. Helen Walker and Joanne Retterer.

When the couple left for a wedding trip to Pittsburgh, the bride wore a red wool jersey dress, black accessories and a white orchid. Returning, they are at home to friends at 16 Water street. Mrs. Wood, graduate of Warren High School, is employed by Dr. Lee J. Borger; Mr. Wood, who attended WHS, is an employee of William F. Crossett, Inc.

Hostesses who honored the bride-elect were Mrs. Celia Reilly and Elizabeth Bathurst;

Talent of High Calibre Is Seen in Evening of Plays at High School

"The Evening of Plays", as presented by Warren High School Dramatics Club, proved to be one of the finest moments in local theatrical history, with four outstanding productions remarkably enacted.

From "Good Night Please", farical comedy directed by Russell Rudolph, to the final play, "Sunday Costs Five Pesos", a tempestuous south-of-the-border tale directed by Olivia Smith, and encompassing the sombre sad story of "The Valiant" directed by Sandy Shirk, plus a delightful, sophisticated opus "Never Too Old" directed by Steve Pierson, patrons enjoyed themselves completely.

Students portraying the various roles evidenced a surprising maturity, exciting stage presence and performed in convincing and artistic fashion, some being almost professional in line delivery and pose. Several fascinating voice qualities were also apparent.

Appearing in "Good Night Please" were Dennis Bonavita, Nancy Armstrong, Janet Monroe, Jane Carter, Danny Otterbein, Bob August and Eill Lombard.

"The Valiant" cast included Jack Fallin, Gene Erickson, Jim Alexander, Pepper Obeg, John Erickson and Don LeFica.

Stars of "Never Too Old" were Patti O'Hara, Marty Fay, Barb Solomon and Brenda Munson, with Joan Brown, Rose Marie Dangelo, Bill O'Neil, Judy Sandstrom and Sue Washington appearing in "Sunday Costs Five Pesos".

Stage settings were simple, yet wonderfully effective. Makeup was excellent and costuming most authentic in each drama.

Richard Andersen, dramatics instructor at Warren High School, explained the need for "educational" theatre to the community, the results of such fine training more than evident at "The Evening of Plays."

The only thing to mar the two nights of entertainment was the lack of audience both evenings. It is unfortunate that more

PARENT-TEACHER UNIT

St. Joseph's Parent-Teacher Unit will hold its regular meeting at 8:00 p. m. Tuesday, with classrooms open at 7:00 for visitation. Mrs. John Urbaitis, director of Volunteer Services at Warren State Hospital, will be guest speaker.

Mrs. Aurelia White and Mrs. Edith White, Mrs. Cecil Wood and Mrs. Kathryn Burlingame; Mrs. Carolyn Atkins and Mrs. Mary McKinney. The rehearsal party was given by Mr. and Mrs. Fred O. Wood.

Warrenites failed to turn out to support these enthusiastic and creative young people.

The production staff included: Fred Schultz, art advisor; Mary Pat Gibson, Ruth Hamilton, production and business managers; Anne Finley, set design; George Teagle, stage manager and lights; Tom Africa, Al Nielson, Denny Mong, Dick Terry, props. Patti Lenman, Anne Finley, Linda Barner, Marcia Parise, Sue Ensworth, Mary Graham, Kay Holmberg, Kathy Kehli, Nancy Temple, Bonny Reier, make-up; Donna Knapp, Beth Urbaitis, Patti O'Hara, publicity.

Prompters were Nancy Carlson, Carol Putnam, Donna Knapp and Judy Valene, with Mary Pat Gibson, Gene Erickson and Ruthie Hamilton in charge of programs.

Ushers were Carol Van Blois, Bobbi Buerkle, LaVerne Bruto, Anne Garrison, Helen Long, Gunny Gnagay, Marcia Elmquist, Carol Pavaia, Linda Eerenfield, Donna Jones and Barb Yeagle.

Following the successful climax to their splendid performances, all members of the casts were guests at the home of Mr. and Mrs. John O'Hara, 115 Conewango avenue.

SOCIETY

Art Exhibit Lends Different Touch To Unusually Fine Musical Event

Beatty Junior High School, on Saturday evening, was the scene of one of the most ambitious programs yet undertaken by the talented and capable Harry Summers, as the Warren High School Orchestra and Band charmed a capacity crowd in presenting their annual concert, this year wonderfully augmented with an art exhibit.

From the opening medley by the orchestra "The King and I" to the final band production of "Glory of the Trumpets," music lovers were given a real treat by the many outstanding young musicians directed by Mr. Summers in the school music curriculum.

Reminiscent of a more gentle era, an exquisite string trio comprised of Gudrun Ensslin, violinist; Karen Ericsson, cellist, and Susan Werner, pianist, played effectively in an aura of delicate lamplight, with director Summers introducing Miss Ensslin to the audience and mentioning the pleasure of having her play with the orchestra. Miss Ensslin is a German exchange student, here for nearly a year as a guest in the home of Mr. and Mrs. Glenn Elliott, Pleasant Drive.

Highlighting the portion of the evening taken over by Warren High School's splendid band was a special solo presented by

Susan Werner, who appeared from nowhere, carrying the tools of the familiar piano tuner, as a prelude to a musical number appropriately called "The Piano Tuner." Needless to say, the surprise element brought the house down.

In the art exhibit section, it was immediately apparent the community boasts many fine young artists. The display, although small, brought forth many admiring comments and included a versatile range of media. Portraits displayed, as well as oils, showed considerable promise, with ceramics, black and whites, and fashion drawings also outstanding.

Committees responsible for the successful event included the following: Judy Valone, Donna Knapp, Don DeLuca, Russell Rudolph, publicity; Roxie Sasserson, Patty Armstrong, program; Carol Van Blois, Judy Brecht, tickets; Richard Elm-hurst, Steve Pierson, James Swanson, James Marshall, Edsel Ristau, stage. Majorettes and color guard served as ushers with members of the Letterman's Club in charge of parking.

Any regrets pertaining to the evening had only do with the number of people who arrived late for the program seeking seats after the music had started.

Warren Art Group Is Host for Gathering

Members of Warren Art Group entertained the Seneca Crafters and the Garden Club Thursday at a most unusual program showing six centuries of flower paintings.

Beginning with the exquisite painted flowers of the Dutch school, the slides continued through the English Crewel work with a tree of life pattern. Pottery was introduced into the program with pictures of plates from the Hannon Factory in Stroudsburg, where they perfected decorations in enamels over the glaze. Pieces of Turkish pottery were also shown with their beautiful blue and green colors.

Oriental painting of the Ming dynasty brought the beauty of the flowers grown in their natural surroundings. A sudden change in the style of painting was shown in the Impressionist School, with their still life compositions including fruit and objects of daily life. Most interesting were the Cezannes, Renoirs, Van Goghs of that period, many of which were privately owned and not available to the public.

Modern day paintings brought the flower paintings of Redon and Lucille Blanch, who relied on line and atmosphere, producing a symbol rather than reflected image. The collection comprised 80 paintings, each beautiful in its own way, and were accompanied by informative commentary by Marion Potter, who had charge of the program.

Following the show, refreshments were served by Sybil McCrea. Later in the month, Warren Art Group will present its own paintings to the Children's Ward in the Warren General Hospital, and on February 14th, between 2:00 and 4:00 p. m., members of the group will meet at Warren Public Library to prepare frames for these pictures.

HONORARY SOCIETY PLANS NEW AREA CHAPTER

Warren High School Chapter of the National Honor Society will install a new chapter of the organization at Tidoute High School Wednesday with President David Spencer chairing the ceremony and Gail Wyman outlining the society's history and purpose.

The four scholastic virtues will be explained by John Carter, Marilyn Follette, David Honhart and Marion Feed with Kay Walters reading the activities list to newly installed members. Miss Jean Steele will administer the pledge as an accompanying advisor. Miss Phyllis Putnam will also attend.

The Tidoute Chapter is sponsored by the school's Student Council with Mrs. Redin as advisor. All high school students may compete for membership.

PHC SUPPER-MEETING

Protected Home Circle members will have a tureen supper at 6:00 p. m. Thursday, followed by a business session at 7:00, with installation of officers. A social time will conclude the evening, and a good turnout is urged.

LEGION AUXILIARY

Chief Comptroller Unit, American Legion Auxiliary, will hold its regular meeting at 8:00 p. m. Tuesday at the Legion Home. Mrs. Henry Christensen, Civil Defense chairman for the unit, will present the program; W. C. Fuellhart, county CD director, will be the speaker. A good attendance is urged.

Three are Named To Dean's List at Thiel

Announcement has been received from Thiel College in Greenville, Pa., that three area students have been named to the Dean's list at Thiel College. To be eligible for the honor, a student must attain a minimum scholarship quotient of 9.750 for the semester.

Area students named for this honor are: Robert C. Olson, son of Mr. and Mrs. Ralph E. Olson, Warren RD 2; Elizabeth Ann DeLong, daughter of Mr. and Mrs. Robert B. DeLong, 17 Lansing Street, North Warren; and Jane Burgett, daughter of Mr. and Mrs. Lynn D. Burgett, Russell.

Olson, a 1956 graduate of Warren High School and a junior at the College, is pursuing study toward a degree of bachelor of arts in history. He is a member of Delta Sigma Phi Fraternity and participates in varsity wrestling.

Also a graduate of Warren High School, 1957, Miss DeLong is a sophomore at Thiel and is seeking a bachelor of arts degree in chemistry. She is a member of the Thiel Christian Fellowship.

A senior, Miss Burgett is a 1955 graduate of Northern Area Joint High School. She will receive a bachelor of arts degree in chemistry in June. A member of Sigma Kappa Sorority, Women's Athletic Association, and Women's Student Government Association, she is currently serving as vice president of Pan-Hellenic Association, and president of Hunton Hall.

TEACHERS MEETING

All teachers and substitute teachers of Trinity Memorial church school are reminded of the important meeting scheduled for this evening at 7:30 in the parish house. Superintendent James Fales has mailed an agenda to all staff members and it is hoped the new program under scrutiny will become a definite plan tonight. Coffee and cookies will be served following the session.

Den Mother of The Year To Be Named Feb. 19th

A Den Mother of the Year, and a Unit Leader of the Year will be named at the February Roundtable at Ludlow School on February 19. Unit chairmen are asked to make nominations to the Scout office for unit leaders, and Cubmasters are asked to make nominations for Den Mothers.

Two features of the Round Table will be the Distribution of Spring program quarterlies and a meeting of the Explorer Cabinet.

Den Mothers will receive kits for the theme on Canada, and Scoutmasters will receive forestry kits, which will be useful for that theme, and for continued work.

The Explorer Cabinet, under the leadership of Jim Wick of Post 13, will operate two council wide Explorer events during the spring of the year. The first will be a hay ride, which is scheduled for February 21. The second event will be planned at the Cabinet meeting on the 19th. Membership on the Explorer Cabinet is composed of two representatives elected by each Explorer Post, and its purpose is to plan and operate events which are outside the scope of the average post.

Joe Wick, Scout Commissioner, will be in charge of the Round table. Separate sessions will be conducted for Den Mothers and Cub Leaders, Scout Leaders, and the Explorer Cabinet.

Refreshments will be served by the Ludlow P. T. A. This will be the first Round Table in Ludlow, since they were resumed in 1953.

Sleep, Not Diamonds, Gal's Best Pal

That sleep is one of the greatest boons to beauty is an established fact. Yet, the number of women who sacrifice it to dawdling is legion. Housewives who complain that they never get enough rest and are always tired can spend hours "visiting" on the telephone. Career girls who talk of exhaustion can stay up late to watch old movies on TV.

Both are fooling themselves and guaranteeing that in middle age, they are going to look a sagging middle age when they might have looked fresh, youthful and bright-eyed.

It's true that it's far more exciting to putter about in the evening than it is to pick yourself up, draw your bath water and get ready for bed. But it's every bit as easy to form a good habit as it is to form a bad one. And

getting enough rest is definitely a good habit, one that produces clear skin, sparkling eyes and sufficient energy for the whole day's tasks.

Best cure for thin, splitting or ridged fingernails does not lie in another coat of nail polish. It lies in two envelopes of plain gelatin taken daily in water or fruit juice. Take one at morning and one at night, and if you're at home, take one at noon just to speed the process. What the plain gelatin provides is what your nails need: protein. It takes about three months to show results but then they're startling. Your nails become strong, grow in thick and splitting or peeling

stops. They lose that papery feeling and become flexible enough to pull out thumb tacks if that's your inclination. The investment is small and the reward in lovely nails is great. Then you can go ahead with all of the manicures you like. Pretty up your nails with the most luscious shade of polish you can find.

If you sometimes feel that beauty chores take a good deal of time, stop to consider. Back in 1850, you would have had to make your own face cream, hand lotion and hair cream as well as your own soap. Before you could even get started on your beauty tasks, hours of labor had to go into concocting preparations that often were heavy, greasy and therefore not very satisfactory.

Fat in Diet Keeps Skin Moist

Avoiding all of the fats when you are reducing is a "no way to end up with a slim figure" and a haggard face that makes you look years older. For the truth is that the skin needs fats in order to retain moisture.

No amount of creaming will restore your skin to glowing beauty if you cut cream, butter, nuts, oil and meat which is marbled with fat from your diet.

Your hands will age, too. If you've ever wondered why some middle-aged women with stream-lined figures have withered faces and well-manicured hands which resemble old, you now know the reason why.

So include some fat in your daily diet but do it judiciously. Americans tend to go overboard on any new idea. But the truth is that butter belongs on a slice of bread and cream improves coffee.

fee. The point is not to overdo; moderation in all things.

And once in awhile, as you diet, go on a candy binge. This may sound odd but actually, if you eat candy say, once a month, it will satisfy the craving for sweets and you won't want them again.

Even though the weather is still wintry and will be for some weeks, it's a good time to check up on your spring wardrobe. This is the time of year when many women feel that spring will never arrive. Then, suddenly, warm weather is here and they're not prepared.

So this is the time to get out your spring clothes and review them. Accessories, too. Make a list of what you have that's really

wearable. Be honest. Don't stretch a point or you'll fool only yourself. Then make another list of the things you'll need.

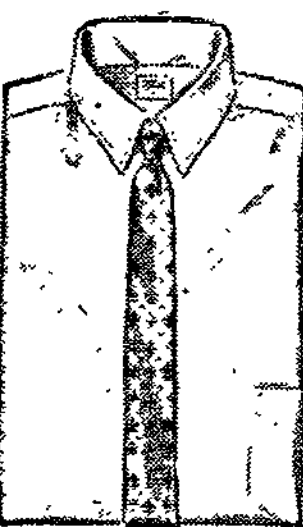

Watch this newspaper for fashion news that will guide you in your spring shopping. And when the first spring day does arrive, you'll be ready to step out.

Women who find that good perfume atomizers clog up frequently should bear in mind that perfume contains oil. It's this oil that can jam the atomizer so that it fails to deliver a fine, even spray.

The solution lies in cleaning out the atomizer with alcohol, which you can buy at your drugstore, at least once a month. Spray the alcohol through the atomizer just as you would the perfume and the atomizer will clear up quickly.

Development of Industrial Sites In State Is Urged

UNIVERSITY PARK, Pa. (AP) — Pennsylvania communities should put more effort into developing industrial sites and modernizing zoning ordinances, a municipal government expert said today.

Dr. Robert A. Sigafos, acting director of Pennsylvania State University's local government institute, said "obsolete zoning ordinances and negative community attitudes toward industrial facilities" are threatening the state's economic growth.

"Industry is the unfortunate victim of a vague communitywide belief that if better physical locations are given it, residential neighborhood values will depreciate," said Sigafos. "Too often the poorest quality land has been reserved for industry."

He urged communities or their development agencies to "start active land assembly programs." He added that blighted areas and hard-hit commercial districts may "offer real potential for transition into industrial sites."

In the coal fields, Sigafos noted, money is needed to backfill and level culm deposits as a first step toward creating industrial parks.

Industry Seeks New Methods for Producing Steel

NEW YORK (AP) — Steel-makers currently are being forced to reexamine the traditional methods of producing steel, Frank Senior, manager of the development section of Koppers Co., Inc., said today.

In a speech prepared for delivery before the New York Society of Security Analysts, Senior outlined several new steel making methods. Koppers is the world's largest designer and builder of coke oven-blast furnace integrated steel plants.

Senior said his company had formed a working agreement with a group headed by Dr. Marvin Udy, which has been developing a steel making process at its large scale plant at Niagara Falls, Ont. This is known as the Strategic-Udy Universal Smelting-Refining Process.

Koppers' agreement with the Udy group is to assist it in the further development of construction of Strategic-Udy plants.

After describing several new steel making methods, Senior concluded, "the Strategic-Udy process appears to us at this time to enjoy advantages over the other competing processes that may enable it to become the surviving process."

"In any event, the application of the so-called direct reduction process will probably have a profound effect on existing foundries and the smaller isolated steel plants now operating on scrap."

"By using local ores—either high or low grade, coal or lignite and power—iron or steel can be produced almost anywhere and in virtually any size plant."

Veterans News

Veterans Administration in Pittsburgh has identified the local groups of GI insurance policyholders who will and who will not share in the recently announced regular annual dividends of \$256,000,000 for 1959.

Alvin Guyler said an estimated 378,900 Pennsylvania GI policyholders will and 55,500 will not participate in the dividends. Included in the 378,900 participating policyholders are:

1. Holders of National Service Life Insurance (NSLI), which originated during World War II and has the letter "V" preceding the policy number.

Pennsylvania holders of U. S. Government Life Insurance (USGLI), which originated during World War I and has the letter "K" preceding the policy number.

Mr. Guyler listed the 55,500 policyholders in the State who will not participate as being divided into the following groups:

1. Korean and post-Korean conflict veterans who hold special non-participating NSLI policies identifiable by the letters "RS," "W," or "RH" preceding the policy number.

2. Servicemen who, prior to January 1, 1957, placed their "V" or "K" policies under insurance waiver of premium payments and who have not rescinded such waivers. The law provides that as long as a GI policy is under in-service waiver of premium payments, it does not participate in any dividends for which it might otherwise be eligible.

3. The NSLI and USGLI policyholders who have extended term insurance in the "V" and "K" series, respectively. These veterans allowed their permanent-plan policies to lapse and VA automatically extended their insurance as term policies without further premium payments.

4. Veterans who hold special non-participating NSLI insurance because of disabilities incurred during World War II. These policies, which had to be applied for prior to January 1, 1950, are identifiable by the letter "H" preceding the policy number.

SLAYER SENTENCED
Lonnie Buchanan, 25, former Chautauqua county butcher, pleaded guilty Friday to first-degree manslaughter in the dismemberment-slaying of his wife. Chautauqua County Judge Rollin A. Fancher sentenced him to 5 to 20 years in prison. Since his indictment, Buchanan was held at the Matteawan State Hospital for the Criminal-

ly Insane until judged mentally able to stand trial. The dismembered and partially burned body of Bessie Buchanan, 18 year-old mother of two, was found in a thicket near Brocton, N. Y. August 12, 1956.

LESABRE, the Buick you can own for only \$200 more than the best models of the leading low-priced cars...

This is in no way a "stripped" car you're looking at. Come in and study the manufacturer's suggested retail price of a Buick LeSabre like this, equipped with Twin Turbine automatic transmission, radio, heater, white sidewall tires, and anything else you want in your next car. Then do the same to the top models of the leading low-priced three, and you'll find the statement above stands up.

What a difference for only \$200!

Now think how much more you'd enjoy a Buick. A comfortable, substantially built automobile. A car with the finest ride in all Buick history. A car with Buick's exclusive fin-cooled brakes, and the smoothest type of transmission

money can buy. A wonderfully quiet and greatly respected car!

Owners report **QUALITY** outstanding

Your money in a Buick today puts you in on the ground floor of what promises to be a long new time of leadership for Buick cars. "My sixth Buick and the best I ever owned!"... "Best-operating car I've driven in thirty years!"... "Much the best Buick yet!"... Reports like these mean extra pleasure in your Buick ownership... and they mean hard dollar value when the time comes to trade. It all adds up to the best proof in 50 years that: "WHEN BETTER AUTOMOBILES ARE BUILT, BUICK PEOPLE WILL BUILD THEM!"

New in gas economy, too!

In planning the '59 Buick, the new Wildcat engines, transmissions, and axles were all engineered to work together for greater gas mileage. Across the country owners tell us they are getting 15 to 20 miles per gallon in the '59 Buicks. And in a recent thorough test of Buick LeSabre against another car of comparable size and a good reputation for economy... the Buick won in every case under all kinds of driving conditions.

So we think we've got a new kind of value in this Buick LeSabre. And we suggest you go to your Quality Buick Dealer's and see whether you agree before you buy a new car.

THE CAR IS THE BUY!

President Sends Greetings To Boy Scouts of America

President Eisenhower told 4,750,000 members of the Boy Scouts of America that they "play an important part in the life of the national community."

He declared that "their high standards of personal character and citizenship help to keep our country strong."

His message for Boy Scout Week, February 7 to 13, was released by Elmer H. Morgan, Scout Executive of the Chief, Complanter Council, Boy Scouts of America, who received a copy from Dr. Arthur A. Schuck, Chief Scout Executive.

The President's message follows:

THE WHITE HOUSE WASHINGTON

Please give my greetings to the Boy Scouts of America on the observance of the 49th anniversary of the Boy Scout movement. With a great membership of many millions,

Action on Flood Protection Urged By Committee

LUDLOW — Boy Scout Lad and Dad dinner will be served at 6:30 this evening at the American Legion Hall by the Legion Auxiliary, with over 100 tickets sold. Guest speaker will be Clifford Betts, of Warren.

Gladys and Milne Morelli announce an interesting heart film will be shown at the American Legion Auxiliary meeting at 8:00 p. m. Tuesday at the American Legion Hall. Miss Rose, of Bradford, will lecture concerning the film and answer questions. Women of the community are urged to see this film and to enjoy the fellowship of the auxiliary.

Tillie Olson, membership chairman for Moriah Church Women and program chairman for World Day of Prayer, invites all women of the community to attend a meeting at 7:30 p. m. Friday at Moriah church. Members of First Mission church will participate in the program, as well as Moriah church, the latter women's group being a member of the Kane Unit of United Church Women.

This year's program is entitled "Lord I Believe." Each year the national World Day of Prayer committee sends out a service from a different national group as a means of deepening and broadening the Christian organization. This year's service was written by a committee of nine Christian women of Egypt.

SKILLFUL PLAY OUTWITS DOUBLE

BY OSWALD JACOBY
Written for NEA Service
West's double had nothing to commend it. South had opened with a forcing two bid and even with bunched trumps West could not hope for a substantial penalty.

East won the opening club lead with the ace and returned the suit. South was in with the queen and promptly laid down the ace of trumps. When East followed South was ready to operate.

West's double quite obviously was based on great trump length. South decided to play him for all four remaining trumps.

He cashed the king of clubs and ace-king of spades. The king of diamonds was overtaken by dummy's ace and a second diamond ruffed. Now South led the nine of spades and West was in with the queen.

Since West was down to nothing but trumps he led the six spot. South won with the eight and shot the jack back. West was in and had to lead another trump and South had to lead another trump and South had the rest of the trick. West had succeeded in making only one trump trick with five to the queen-ten in back of declarer and South had made his contract.

Lincoln Vignettes --- (4)

The nation was on the brink of civil war when Lincoln became president in 1861. No man ever came into the office with a greater burden.

As if this grave problem were not enough, he was literally besieged with office seekers for vacant Democratic positions. Men even swarmed into the White House, thrusting their credentials at the patient man. Only his humor—which was sometimes bitter—helped Lincoln keep his balance.

A senator found Lincoln in worried thought one day. "Bad news from Fort Sumter?" he asked. "No," replied Lincoln sardonically. "It's the post office at Jonesville, Mo."

at age 65 and after BLUE CROSS-BLUE SHIELD

WESTERN PENNSYLVANIA'S OWN HEALTH CARE PROGRAM

For 20 years Blue Cross and Blue Shield subscribers have had the privilege of continuing their coverage after retirement. Now, in one year approximately 18,000 subscribers pass their 65th birthday and, when no longer part of an employed Group, become eligible for full age-65-and-over benefits on a direct-payment basis. If you are one of those who will join our more than 110,000 retired subscribers now age 65 and older, this is how Blue Cross and Blue Shield will protect you against hospital and doctor bills:

SERVICE BENEFITS

UNDER BLUE CROSS—"Service Benefits" means that Blue Cross coverage in Member Hospitals is not limited by dollar amounts—you receive the actual hospital services covered by your agreement instead of a fixed number of dollars to apply toward the bill for services. These services are covered for the number of days specified in your agreement whether the regular hospital charges for them are \$100 or \$1,000.

Hospital charges in Western Pennsylvania for all services are expected to total approximately \$30 a day on the average in 1959. And in many serious cases the need for additional services will make the bills much higher. Because Blue Cross provides service benefits in Member Hospitals, you will receive all the care covered by your agreement without extra charge. There are 103 Blue Cross Member Hospitals in our area, including every accredited hospital. In addition, benefits are available in approved hospitals anywhere.

UNDER BLUE SHIELD—Plan A covers surgical fees on a schedule ranging up to \$200; Plan B, up to \$300. In addition, the regular agreement includes in-hospital medical coverage.

The income-limit provision in Blue Shield means that most 65-and-over people receive service benefits; that is, most 65-and-over people are covered in full under Plan A—no extra charges by Participating Doctors. There are over 4,000 Blue Shield Participating Doctors in the area. In addition, the Blue Shield fee schedule applies to services of licensed doctors anywhere.

SAMPLE RATES* monthly basis—you are billed quarterly

	BLUE CROSS Standard Semiprivate Agreement	BLUE SHIELD Medical-Surgical Agreement—Plan A	BOTH TOGETHER
Individual	\$3.15	\$1.20	\$4.35
Husband and Wife	7.00	2.40	9.40

*Slightly lower rates apply to the Blue Cross 21-90 and Ward Agreements and the Blue Shield Surgical Agreement; slightly higher rates to the Blue Shield Plan B Medical-Surgical Agreement.

Sports Night for Paralyzed Wrestler

A sports night is being planned at Kittinging High School February 20 as part of a fund drive to aid Allen Methven, who suffered a paralyzing back injury while wrestling for Slippery Rock at Edinboro several weeks ago.

Kittinging Junior Chamber of Commerce has arranged for the appearance of Slippery Rock gymnastics team and is seeking an opponent for Kittinging High—for a wrestling demonstration to complete the program.

Allen underwent surgery in St. Vincent Hospital in Erie after the accident, but his condition is virtually unchanged. He is still in the hospital and remains paralyzed from the neck down except for partial movement of his hand and arms.

Victory Coupled With Loss By Franklin at Meadville Ties Warren for Top Spot

A sizzling shooting performance in the second half sparked Warren's high riding Dragons to a 61-43 victory over an upset minded Oil City five Friday night in a Conference scrap. The Dragons, trailing 30-27 at half, staged a brilliant rally hitting on an amazing 15 to 23 field goal tries in the last half in winning their sixth Oiler.

shooting and a blanket like defense game in eight starts, the Dragons combined a nifty fast break, with deadly outside erratic passing, hit on nine of ten to completely rout the host Oilers, who saw their 30-27 half time margin disappear.

Warren's win, coupled with Franklin's defeat at Meadville and a Titusville victory over Corry, throws the league into a mad scramble. Warren, Franklin, and Titusville are tied for the league leadership with a 6-2 record. Meadville, having played one less game is in second place at 5-2. Close observers feel that the championship will not be decided until the final night of league action when Franklin comes to Warren for what could easily be the championship game.

Early in the game, Oil City enjoyed leads of 9-3 and 11-8, but the Dragons despite some in double figures, Creola the 10 free throw attempts to keep the score close. Creola converted five straight from the charity stripe. Brumagin got five to lead Warren's first half offense. For the aggressive Oilers, veteran Jerry Osborne meshed the cords for 12 points to give his team the halftime edge.

In the second half, the Dragons awakened from their slumber to hit fast and often from all angles. Cashman scored on a jump. Brumagin put Warren in the lead 31-30 on an outside set. He came back with another to make it 33-30 and from here in the Meadville had complete charge of the game. A trio of goals by Cashman and Brumagin enabled Warren to outscore Tom Skinner's crew 16-7 and go into the final cante with a 43-37 lead.

The last quarter saw Warren command the play with its superb defensive work and scintillating fast break working to perfection. Oil City failed to crack the Warren defense and was blanked from the floor during the entire last stanza. Meanwhile the Dragons pulled away steadily on three fast break buckets by Nick Creola. Two jumps and a hook by Cashman, a lay-up by Mervine and

Section II Race Aided by Wins of Rockets-Bulldogs

Meadville, half a game out of first place, threw Section II race into a turmoil Friday evening as they gave Franklin their second loss, 56-48. Running along with Knights, are Warren, Youngsville, and Titusville, bowling over Corry.

Meadville pulled into the lead in first quarter, 14-8. Franklin coming back in second canto to make it 27-11 at the half. Bulldogs held a one-point margin at end of third, scoring 10-5 in home stretch to win.

Double digit scorers were: Pero with 16, Hunter 12 for Meadville; Franklin's Fogle and Lynch dialing 12.

Corry gave Titusville plenty of trouble as Rockets secured their 56-49 loss. Beavers led 44-43 after three quarters, and were within one point at 49-48 with just 4:17 left.

Coach Bus Shaner switched to a zone defense, something he hasn't used since last year. This forced Corry to shoot from outside and it couldn't. Titusville sewed it up.

Pacing the Rocket scoring was Devey with 21, Beason 14. Latos dumped in 16 for Beavers, Williams 10.

Jayvees Have an Easy Time With Oil City Sophs

With three players hitting in the double figures, the Warren J.V. quint easily defeated Oil City Sophs by a score of 55-31. White led the local with 16, closely followed by Kremer and Ostergard who showed 13 and 10 for their night's work.

Coach Randas had his charge working out of a press which befuddled the inexperienced Oilers. Halftime score of 35-8 enabled Warren to coast during the second half with the entire squad seeing action.

Youngsville Upsets Pleasantville To Make Three-Way Tie in UAV; Knights Stroll Away

We've done it, too. So says Upper Allegheny Mountain cagers to Section II members as Youngsville, Pleasantville and East Forest shot their way into a three-way first place tie.

Johnsonburg offered little resistance to Sheffield Friday evening as the Wolverines remained in close contact with Allegheny Mountain League leaders.

'Burg quintet fell to Sheffield 51-29 on the latter's court as St. Marys dumped Otto-Eldred 62-44 and Port Allegany beat Smethport 51-29. Last Thursday, Rdgway made way for Emporium, 65-40.

Youngsville Eagles stirred the UAVL race into a bee hive as they upset undefeated Pleasantville 63-51. East Forest downed West Forest with a lopsided 83-37 pace to enter into the first place picture. In another league contest, East Forest beat West Forest 83-37.

In the same league, Northern Area Knights all but walked away from Tidoute 73-22.

As six games for each of the three squads remain, in all possibility a single leader will soon emerge, only after hotly-contested games.

Fans gathered in Pleasantville for the game rooted for a better display of competition from their home cagers, who were not up to par.

Tom Gregg sparked the Eagle scoring with 19 and Chuck Halfast and Jim Fehlman followed with 12 and 10. For Pleasantville, Mangel sank 16. Spence collared 15.

Tuesday Youngsville will host Corry.

Northern Area posted its second UAV win as they thumped Tidoute High 73-22. Knights rode into sixth place with their victory.

Northern Area quickly took the commanding lead, 19-4 in first quarter, and constantly stayed far ahead.

Tidoute was held to eight field goals while Northern Area collected 34.

High scorers among the 10 Knight players sinking the sphere in the mesh was Al Ludwick netting 16, Den McNally checking in with 13, and Kenny Williams collared 11.

Sheffield Loses Warren Wins in Booster Affair

In a special Booster Night feature in Sheffield High School gym Saturday evening, hosting Sheffield Merchants lost a close contest to Bradford Moose 75-72 after leading 57-55 end of third quarter. In the preliminary, Warren's Blueberry cagers defeated Kane Woodsmen 76-61.

Sheffield, Bradford and Kane are members of Western Pennsylvania Independent Basketball league. Blueberry is from Warren's City Loop.

The Booster Night was held to maintain financial expenses of Sheffield Merchants.

The Merchants held the edge throughout three quarters but missed the basket in last canto as Bradford sank 20 points against Sheffield's 14.

Kolesar and Labesky resumed usual scoring positions, leading Sheffield with 29 and 16 respectively. For Moose, Hetrick collared 22, Titus collected 17.

Neck-and-neck at end of first stanza. Blueberry spurred ahead at halftime to take the lead and were never headed by Kane Woodsmen.

Woodsmen were trailing 36-29 at intermission, 55-44 going into fourth quarter.

Scoring honors went to Schenck and H. Danielson with 17 and 15. For Kane, Kibbie sank 20. Caldwell had 19.

SKATING TOURNAMENT

By The Associated Press

David Jenkins and Carol Heiss open defense of their world figure skating championships in Colorado Springs Feb. 24 with results of the North American and European title events showing that they have little to fear.

Miss Heiss, 19-year-old blonde from Ozone Park, N.Y., who has won the world title the last three years, repeated as the North American champion Saturday at Toronto with a near-perfect performance. She scored 855.2 of a possible 1000 points to leave her American and Canadian rivals far behind.

RIOKEY IN ORDER

FOR DINNER HONORS

Branch Ruckey, Sr., will be honored at a dinner which will highlight Eastern Regional Conference of Little League Baseball in New York City February 27-28. Ruckey, a long time supporter of Little League, will receive an honorary life membership to Board of Directors.

He will be the third to be so honored. Connie Mack and Cy Young were named in earlier ceremonies which recognized their contribution to youth and baseball.

Black Hawks Now In Second Place As Wings Falter

By THE ASSOCIATED PRESS

The Chicago Black Hawks apparently aren't reading the script that tabs them as National Hockey League paties.

Nor are the Detroit Red Wings paying much attention to the part that says they are supposed to be riding with the leaders.

The Hawks have second place to themselves today after dishing New York and Toronto during the weekend. Detroit is mired in the cellar after two weekend losses.

The Hawks belted Toronto Sunday night 7-2 after giving the third-place Rangers a 6-3 lashing in Saturday's nationally televised game. The Wings lost to league-leading Montreal, 3-1, Sunday night and to the Maple Leafs, 4-1, Saturday.

Giants' Manager Painfully Hurt In Auto Accident

WALNUT CREEK, Calif. (AP)

The San Francisco Giants open spring training preliminaries this week without Manager Bill Rigney, painfully injured in an auto crash Sunday.

Rigney suffered multiple fractures of the lower jaw and a broken collarbone when his car rammed a power pole in nearby Berkeley. His wife, Paula, 38, suffered a broken hip and lacerations of the scalp and legs.

The Rigney's parents of three children, were driving home from a dinner party at Giant Vice President Chub Feeney's San Mateo home, when the accident happened at 4:30 a.m.

Rigney told police he apparently fell asleep at the wheel. The car reportedly struck the pole at about 35 miles an hour.

Both Rigney, 41, and his wife were reported in good condition at Kaiser Hospital. The family physician said Rigney would be hospitalized about a week, and would have to remain home another 10 days. Mrs. Rigney will be hospitalized considerably longer.

In Phoenix, Ariz., Giant President Horace Stoneham said he would let Rigney decide who will be in nominal charge. Stoneham indicated, however, it would either be F. J. (Salty) Parker or Wes Westrum, both coaches.

First Champion Boxing Bout of Year Wednesday

By THE ASSOCIATED PRESS

The first world championship boxing bout of 1959 is scheduled for Houston Wednesday, with Joe Brown defending his lightweight title for the sixth time. The challenger will be 24-year-old Johnny Bussio of New York.

Bussio got the title shot after he upset the champ in an over-the-weight bout Nov. 5 at Miami Beach, Fla. The champion was most unimpressive at 140½ pounds while Bussio, at 139½, fought his usual forcing, body-punching fight.

If Brown runs true to form, he will flatten Bussio in the rematch. The championship battle will be carried on ABC television, starting at 10 p.m. EST.

Cisco Andrade of Compton, Calif., and Frankie Ryff of New York, will make it an all-lightweight week on TV when they meet Friday at Madison Square Garden in New York. (NBC-radio-TV).

Deal for White Sox Faces on Roadblock

CHICAGO (AP) — Sale of controlling interest in the Chicago White Sox to Bill Veck appeared imminent today with but one possible roadblock.

Mrs. Dorothy Comiskey Rigney, who controls 3.25 shares of stock, announced Saturday she will sell her 54 per cent interest to Veck who has an option to buy before Feb. 18.

However, Dorothy's brother, Chuck Comiskey has taken court action to prevent his sister from selling.

Chuck has a petition in Probate Court to halt the sale. Mrs. Rigney says the court cannot stop her from selling to Veck.

A hearing on Chuck's petition is scheduled Feb. 16.

News of Hollywood

By BOB THOMAS

AP Movie-TV Writer

KEY WEST, Fla. (AP) — Are costly actor-producers killing Hollywood's golden goose? Samuel Goldwyn thinks so. Cary Grant doesn't.

Veteran producer Goldwyn made a recent speech before the Screen Producers Guild in which he castigated actors for demanding up to a million dollars in salary, plus producership of films.

"The artists of Hollywood would do well not to try to take over the functions of the producers," said Goldwyn.

Who else could answer but Grant, the old pro among stars? He is the pioneer in boosting star salaries to the skies and winning ownership of films. I nailed him down docks at the Key West Naval Base where he's playing a sub commander in "Operation Petticoat." His reply:

"The producers made a mess of the picture business. Why not give us actors a try at producing? Maybe we can do better."

Grant paid his respects to his longtime employer Goldwyn, plus Sam Spiegel and David Selznick, whom he termed "really creative producers." But many of their fellow film makers got away with murder for years, he claimed.

"Who is to say an actor should not be a producer?" he added.

"Why, actor-managers have been successful in the theater for many years."

When Grant agreed to do "Operation Petticoat," Universal-International gave producership to his company. On most of his films in recent years, he has been given ownership after seven years. His salaries and percentages probably average more than a million per film.

Is this too much for the movie

The boys were privileged to hear Merle Desardoff, a long familiar figure in boy scout work here, and Father Russell, mathematics instructor from Gannon College, Erie. Frank Eiles served as master of ceremonies for the impressive affair.

Yeggs Find No Funds In an Unlocked Safe

HOT SPRINGS, Ark. (AP)—"Are you Louis Goltz of Pfeiffer?" a male telephoner asked Sunday night.

"Yes," Goltz said.

"Well, your store was robbed Saturday night," the caller said, and hung up.

Goltz, manager of Pfeiffer's Men's Store, went to the store. It had been broken into through a window.

Goltz said he was unable to determine immediately if anything had been taken.

Surely no money could have been taken—Goltz said cash was not kept in the store overnight. The safe had lettered across its face.

"This safe is not locked."

Below it was written: "It is now."

The intruders had locked it.

the proposal for annual sessions of the Legislature. The latter, an amendment to the state Constitution, cleared the General Assembly in 1957 and needs approval of this session before it can go before the voters in a referendum next November for final approval. It is expected to pass the House this week and go to the Senate.

House Speaker H. G. Andrews (D-Cambria) and Senate President Pro Tempore M. Harvey Taylor (R-Dauphin) also are expected to name their five members to the legislative committee that will study the Wyoming Valley mine disaster of Jan. 22.

The investigating committee was authorized last week. Among other things, it was charged with determining whether there was any laxity on the part of mine officials leading to the breach in the Port Griffith mine which allowed the Susquehanna River to pour through and flood mine tunnels. Twelve men working in a mine are missing.

The Senate still has in committee some 17 million dollars worth of stop-gap funds approved by the Democratic-controlled House two weeks ago. These funds include some 9 millions for public assistance funds, over 3 millions for occupational disease payments, \$1,850,000 for the Pennsylvania Industrial Development Authority and \$200,000 to set up the machinery for administering the Korean War Bonus payment.

Sen. James S. Berger, Republican floor leader, said he could not forecast what action will be taken on the bills.

Rep. Albert W. Johnson, House Republican floor leader, has taken the lead in criticizing the administration for not putting some legislative program before the House.

Reuther Is Critical Of Government Policy

WASHINGTON (AP)—Walter Reuther told Congress today that different governmental policies could have pushed the nation's production more than 100 billion dollars higher in the past six years.

"This production that we have now forever lost could well have spelled the difference between an unchallenged continuation of United States world leadership and the threatened, uneasy position in which we find ourselves today," he said.

Reuther, head of the United Auto Workers and an AFL-CIO vice president, outlined an extensive program of government activities he said would assure full employment and economic growth. His testimony was prepared for the Senate-House Economic Committee studying general economic trends.

The OSS operations Donovan headed during World War II were worldwide in scope. The organization conducted important research at home and daring exploits abroad, many of them behind enemy lines.

President Harry S. Truman in 1946 decorated Donovan with the oak leaf cluster to the Distinguished Service Medal he received during World War I.

Donovan was defeated in 1932 when he ran as the Republican candidate for governor of New York. The winner was Herbert H. Lehman.

A native of Buffalo, N.Y., Donovan was an outstanding quarterback while attending Columbia University.

Allen W. Dulles, director of the Central Intelligence Agency, paid tribute to Donovan as "the father of central intelligence in the United States."

Donovan's wife, the former Ruth Rumsey, along with a brother, the Rev. Vincent Donovan, a Dominican priest, were at his bedside when he died. Surviving with his widow and brother are a son, David, of Berryville, Va., and five grandchildren.

SPORTSMAN'S DIGEST

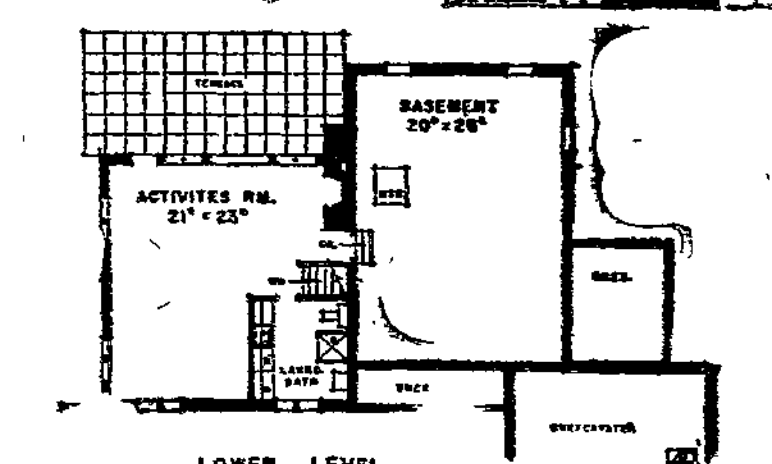

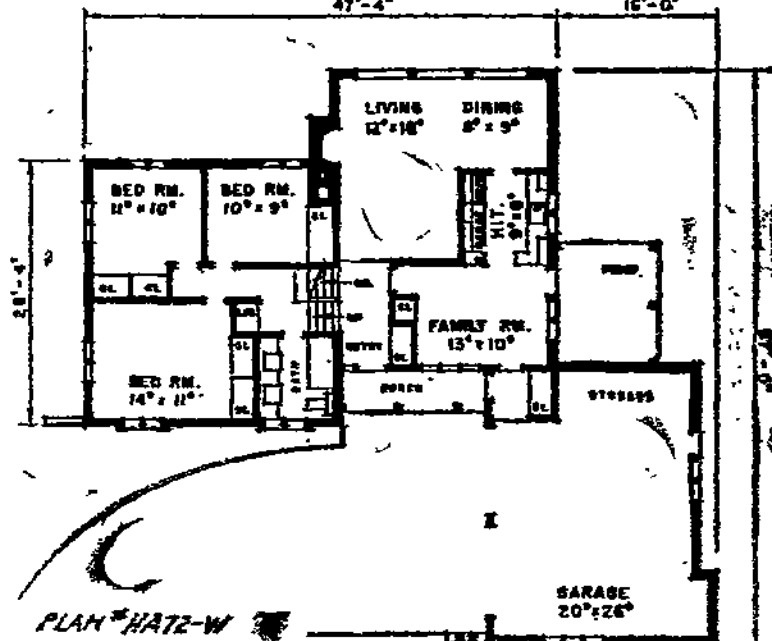

A WARMER FOR A SLEEPING BAG

Heat sand in a skillet, then pour it into a CLOTH BAG (SALT BAG WILL DO). THE BAG'S TOP AND USE DO THE SAME WAY YOU WOULD A HOT-WATER BAG. IT MAKES A DANDY FOOT WARMER IN A SLEEPING BAG.

IF YOU EXPECT TO USE THE BAG FOR AN EXTENDED TIME, EQUIP IT WITH A DRAW STRING. (IDEAL FOR HIKING-CAMPERS!)

HOMES FOR AMERICANS

THE THREE LEVELS makes this an ideal plan for a sloping lot on hill, lake or riverside. Sweeping drive brings visitors on the middle level, containing kitchen and living, dining and family rooms. Large activities room opening onto a terrace is on the lower level, and three bedrooms are located on the highest level. The plan has 2,641 square feet of area, including basement. It's HA72-W, by Architect Clifford N. Wright, 19115 Schoolcraft, Detroit 23, Mich.

Spring Ensemble in Wool Jersey and Silk

This ensemble in the Chanel manner is done in Sargomor wool jersey and a pure silk surah print for spring. The print of the slim dress is repeated in appliques on the jacket.—By CAILE DUGAS, NEA Women's Editor.

EAVES \$2,000,000

An estate valued at \$2,042,200 has been left by Mrs. Sam W. Braham, deceased, of the county register and

wife of former Lawrence County Common Pleas Judge W. Walter Braham, records of the courthouse show. Judge Braham is president of Chautauqua Institution. The inventory of the estate was filed at the office of the county register and

recorder, and showed \$1,989,120 in personal property (stocks, bonds and mortgages) and \$53,000 in real estate. The estate was left to her family consisting of her husband, her two sons, a daughter, a granddaughter, and others.

NEW CONSTRUCTION

William L. Batt, Jr., Commonwealth secretary of labor and industry, announces that during December, 1958, the estimated value of new construction authorized by 561 permit-issuing municipalities totaled

\$36,945,949, or 10.4 percent above the volume recorded by 559 municipalities a year earlier. Listed for all building construction last year were Warren borough, Clarendon and Youngsville in the amount of \$13,000.

HAZARDOUS ROAD

Numerous complaints have been received from motorists forced to navigate Hillside Drive, the old Warren-James-town cut-off in Conewango township. In snowy or icy weather, particularly, driving

is extremely hazardous due to extensive excavation in front of the road. Dirt has been constantly removed leaving a high drop-off which, though marked, does not have necessary guard rails. This factor when combined with a narrow, bumpy road,

creates a danger spot for both residents and the school bus that transports boys and girls each day. Efforts to correct the existing problem have proved fruitless.
